

tion. It claims to be nothing more than a plant of very lowly growth; though, assuredly, its roots are on Mount Zion, and it has been watered by the streams which flow from the city of our God. Yet it has high claims in being an Auxiliary of that noble Society, which, we believe, has done, and will yet do, more towards evangelizing the world than any other of those great instruments which God has placed in the hands of men, for the purpose of advancing his kingdom upon earth.

The Committee rejoice that the means of the British and Foreign Bible Society are increasing each year, and, consequently its ability for extending its operations. These operations have met, it is true, with a check in some quarters, but with what abundant encouragement in others! What cheering news from beautiful but benighted Italy! We may have good hope that ere long that spiritual desert shall blossom as the rose. What blessed intelligence is brought to us year by year from Ireland, of
