London, Dec. 5.—The substance of the discussions in London early this week between the representatives of the Great Britain, France and Italy with regard to the coming peace conference, were called to the United States government, and it is believed the messages reached President Wilson before he sailed for Europe yesterday, thus putting him in possession of full information regarding the conference.

Reuter's Limited says there is reason to believe the president's advisers are of the opinion that the views of the conference regarding former Emperor Wilhelm are likely to coincide with those of the president himself. Responsible opinion, says this news agency, holds that the former emperor and other persons guilty of breaches of international law during the progress of the war should be dealt with by a tribunal of the associated governments, including representatives of those countries which suffered most.

THE FOE WITHIN THEIR GATES

Report of Attorney-General of United States Reveals Successful Efforts to Deal With Enemy Aliens

Washington, Dec. 5.—The story of how enemy agents have been caught, disloyally suppressed, draft slackers apprehended, dangerous Germans interned, explosions and other sabotage prevented, and enemy secrets ferreted out for use against their armies abroad, was given to the public today in Attorney-General Gregory's annual report. Through a great corps of department of justice inspectors, secret agents and citizen volunteers, this big job of policing has been accomplished, said the attorney-general, with a minimum disturbance to normal life of communities and with constant effort to avoid encroaching on freedom of speech, action and political criticism.

The attorney-general disclosed that only six thousand enemy aliens have been arrested on presidential warrants and examined with a view to internment and that "a considerable number" of these have been placed in internment camps administered by the army. The balance were paroled. Most enemies interned were German men, and there were comparatively few German women or Austro-Hungarians.

About 460,000 Germans have been registered in the nation-wide census—260,000 men and 200,000 women.

Paris, Dec. 5.—Seven Germans, one of them a woman, who formerly lived in Paris, have found means of returning here, but have been discovered and arrested. They had taken advantage of the homeward movement in prisoners and interned civilians from Germany to smuggle themselves into France and make their way to this city. Their plea was that they thought the existence of the armistice permitted their return.

Gregg of the Y. M. C. A., who explained the new C. S. E. T. programme. Speeches were also made by Rev. A. S. Bishop, Mr. Black, J. Sime and G. Estey. Refreshments were served at the close of the evening.
