

EMMETT'S COMEDY CANINE CIRCUS  
AT THE OPERA HOUSE THIS WEEK

By all means send the children to the Opera House any afternoon this week and let them have a good time watching the comical antics of the dogs and doggies in the Comedy Canine Circus. There are dogs that jump, count, somersault, and perform all kinds of tricks, funny dogs and solemn dogs, and a good hearty laugh in every one of them. The entire vaudeville programme this week will give the children much amusement, all clean, refined humor—it has just as much of an appeal to the grown-ups and those who have already seen it say it is about the best show of the season. Every afternoon at 2.30, evenings at 7.30 and 9. Special children's price every afternoon.

Russia's Peace Terms With Germany STEADY INCREASE OF NATIONAL DEBT WORRIES GERMANS

London, Feb. 25.—The Times editorially points out this morning that the Leninists agree to abandon nearly one-quarter of the total area of European Russia with about one-third of its population.

London, Feb. 24.—Germany's peace terms have been accepted by Nicolai Lenine, the Bolsheviki premier, and Leon Trotsky, foreign minister.

A Russian wireless statement received here tonight says: "Germany will renew the peace negotiations and will conclude peace on the following conditions:

"Both to declare the war ended.

"All regions west of the line indicated at Brest-Litovsk to the Russian delegation, which formerly belonged to Russia, to be no longer under the territorial protection of Russia.

In the region of Dvinsk this line must be advanced to the eastern frontier of Courland.

"The former attachment of these regions to the Russian state must in no case involve for them obligations toward Russia. Russia renounces every claim to interfere in the internal affairs of these regions.

"Germany and Austria-Hungary have the intention to define further the fate of these regions in agreement with their populations.

"Germany is ready, after the completion of Russian demobilization, to evacuate the regions which are east of the above line. So far as it is not stated otherwise, Livonia and Estonia must immediately be cleared of Russian troops and Red Guards."

A HUNDRED VETERANS OF U. S. CIVIL WAR ARE DYING EACH DAY.

Philadelphia, Feb. 25.—Veterans of the civil war are dying at the rate of 100 daily, according to Orlando A. Somers, commander-in-chief of the Grand Army of the Republic. Mr. Somers made this announcement during patriotic exercises in this city in honor of Abraham Lincoln and the Union defenders.

Mr. Somers said there were now living approximately 867,000 veterans, according to the pension office at Washington, and he added that the country would have suffered a great loss after they had all passed away inasmuch as they had been a commanding factor in keeping patriotism alive in this country.

"We may have to send 10,000,000 men across the water before the war-caused mania of Europe will admit he is crushed and beaten, but in the end there can be but one outcome—our armies will return victors," Mr. Somers declared.

Famous Trainer Dead. "Billy" Madden, sporting man and manager of the late John L. Sullivan when he won the heavyweight pugilistic championship, died suddenly Thursday night in the White Plains hospital from acute indigestion.

Madden, in addition to having managed Sullivan, also handled Jack McAuliffe, one time lightweight champion, and Jack Dempsey, who lost the middleweight championship to Bob Fitzsimmons. Madden had many battles, but never scored any of the top notch men of his time.

BASEBALL.

"Heinie" Wagner Released? "Heinie" Wagner, veteran shortstop of the Boston American League Baseball team, will be released, according to a statement made Wednesday night by President Frazee. A contract was sent recently to Wagner at his home in New Rochelle, N. Y., but that was before Evers was signed on. President Frazee believes that Evers will be available, playing as well as coaching, and that Wagner will not be needed. Wagner has played with the Red Sox almost continuously since the fall of 1906, when he was purchased from the Newark club of the old Eastern League.

ONE BIG CAMPAIGN FOR ALL WAR CAUSES

The "War Chest" campaign recently held in Rome, N. Y., was so successful in its methods that a number of towns over the country are considering the plan for use in their "drives" for war causes, says the March Popular Mechanics Magazine. Not one but all war causes, says the March Popular Mechanics Magazine. Not one but all war causes, says the March Popular Mechanics Magazine.

Norden cites the action of the American government in establishing maximum prices for steel and other raw materials of war industry and in immediately introducing high war taxes as an admirable example for Germany to follow and speaks with admiration of the Wilson plan of taking control of the railroads.

Norden's scheme for taking care of the state debt comprises a radical increase in the tax on incomes, not upon capital as generally contemplated by German financiers. He holds that the proposed taxes upon capital merely lead to extravagant spending, while the income tax can be so adjusted to bear heaviest upon the recipients of high war incomes.

The pledges were taken not merely for the present but, at so much per annum for the duration of the war. While this idea did not originate in Rome, that city has perhaps worked it out more extensively than any other, and its gifts, averaging \$15 per capita, are far in excess of those made in most communities.

Impressed the neighboring towns is that this manufacturing town with a population of only 25,000, has been able to secure pledges for \$846,000 per year, for the period of the war. The promoters point out that the War Chest plan prevents repeated solicitations and consequently effects a big saving of time and money.
