HAS HABIT OF GETTING UP AND GOING OUT OF HOUSE AT NIGHT

Explanation of Young James Moore's Late Hours in Street—Cuthro Boy Case Demands Attention

James Moore and James Cuthro, two young boys, were in the police court today. Moore was charged with wandering about in Charlotte street last night, about eleven o'clock and not giving a satisfactory account of himself. He told the court that his mother and father were away from home and that he did not want to stay in the house alone. This proved to be untrue, as his mother appeared in court and said that the boy was somewhat of a trouble maker and had a habit of getting up in the night and going out of the house. She was told by the court to look after the boy better, and he was allowed to go home.

The Cuthro boy was charged practically with being a vagrant. The child's case is a sad one. His mother is dead and his father has been absent from the city for several months. The boy has no relatives in the city, and no one to look after his welfare. He was remanded and an effort will be made to have him placed in some charitable institution.

Eleven prisoners, seven of them charged with drunkenness, were arraigned in the police court this morning. John Water was charged with being a common vagrant, sleeping in Peter's line at Torryburn. F. Peters and Foreman Bar-ton gave evidence and the prisoner was remanded until some inquiries can be made about him.

George Hurst, Jeremiah Murphy, and Thomas Roach were each fined \$8 or 20 months in jail on the charge of drunkenness, while Rodney McDonald, Thomas Sharkey and Robert Baker were fined \$8 or thirty days in jail. Murphy was arrested yesterday afternoon in King street by the chief of police.

Ward Stevens, charged with assaulting James Segue, was remanded as the plaintiff is absent from the city.

LUMBER PLANT AT MARTIN HEAD

The establishment of a plant at Martin Head, St. John county, by the Pejepscot Lumber Company, is being pushed along rapidly and already the appearance of the place has greatly changed. Robert Connelly, of Great Salmon River, manager of the company, passed through the city today on his way home, accompanied by Mrs. Connelly. She is one of the workers at the new site he said that he was pleased with the progress made. By December 1 the new booms, he thought, would be in position, while the dams were already about completed. The erection of a new mill there would probably be started early next March, and by June or July operations in sawing would be commenced.

He expected the cut at Martin Head would be about 2,500,000 feet, while 6,000,000 would be the approximate figures at Salmon River. The contracts for the work at the former place had been let to W. K. McFarlane and Abner & Mitchell, both Sussex firms, and a large body of men were employed.

WOULD SELL MAGEE SLIP TO THE CITY

Offer From J. A. Sinclair to Be Discussed This Afternoon By Committee

MEETING THIS MORNING

Superintendent Reports Total Cost of the Governor Carleton to Date \$40,798.28 — Gate Keeper's Lodge Must Not Be Made a Loading Place

An offer to sell the property known as the Magee slip, adjoining the eastern ferry floats, was received by the ferry committee this morning in a communication from J. A. Sinclair, on behalf of the owners. A sub-committee was appointed to discuss the offer this afternoon and report direct to the common council.

At a meeting of the ferry committee this morning, Ald. Smith presided and there were present: Aldermen Kierstead, Potts, McLeod and Elliott, the common clerk and the ferry superintendent.

The superintendent submitted his monthly report, covering cleaning of toll houses and floats, repairs to them and to the port light, new wharves and pipes have been fitted. The total cost of the Governor Carleton to date has been \$40,798.28, and the cost of ferry maintenance from January 1 to date has been \$37,479.83. Stores were purchased at a cost of about \$225.

The report was adopted. Ald. McLeod moved that a small heater be placed in the gate keeper's shelter on the west side floats.

When asked for his opinion, the superintendent said that he did not believe it was necessary, and that when there was a heater in the place before, it became a regular loading place and gin mill. After some further discussion he agreed that he could keep the place clear of loaves, and the motion was carried.

Mr. Sinclair's communication was offering to sell to the city the property adjoining the southern side of the east side ferry floats known as the Magee slip. This includes part of the wharf next to the floats, the wharf behind the Magee building and the wharf adjoining the Mackay wharf.

The committee adjourned to the wharf to look over the property, and on their return heard Mr. Sinclair. A sub-committee, consisting of the chairman, Ald. Potts, McLeod and the superintendent, was appointed to discuss prices with the owners. They will meet at four o'clock this afternoon and will report directly to the council.

START CLEARING LAND TOMORROW FOR THE NEW ST. JOHN THEATRE

R. M. Tobias Has Bought the Buildings on the Site—New House to Seat 1,800 to 2,000

Work of tearing down will be commenced tomorrow by R. M. Tobias, excavating contractor, upon the Harry stable and other buildings on King Square, which were purchased today by him from the Keith theatrical corporation, known in this city as the St. John Amusement Co. of Manhattan, N. Y. This will mark the second important stage in providing St. John with another theatre, a house, which the Keith people say, will be modern, comfortable and thoroughly agreeable to the most fastidious theatregoers.

Contractor Tobias will start tearing down the brick building at the rear of the late Trinity church lot, the old Merritt estate, coachhouse and barn. A great deal of work is contained in this job on the whole but it is hoped the materials can be carted away in time to proceed with the excavating this fall.

When all cleared off, the Keith land will measure 75 feet by 108 feet. The building, it is said, will take up all this space. The auditorium is to have from 1,800 to 2,000 chairs and the house will be adaptable to all entertainment purposes, although the Keith people say they have settled upon no special policy for their new building here. They are certainly not going to fight vested interests.

General Manager Watkins says, merely a matter of moving from an old theatre into a new and more commodious one.
