

KILLS BIG WOLF IN ADIRONDACKS

Fox Hunter Brings Down
Gaunt Stranger from
the Far North

Saranac Woodsmen in Heated
Controversy Whether
Animal is Real Timber
Wolf or Part Dog.

Saranac Lake, N. Y., March 15.—
Wolf lore, with sportsmen, game pro-
tectors, and taxidermists all taking part
in the controversy, is sweeping over the
Adirondacks following the killing of an
alleged timber wolf near this vil-
lage.

The mounted "wolf," exhibited in
the window of a local store, is the cen-
tre of heated arguments. Persons from
far and near, familiar with the woods
and its denizens, are viewing the speci-
men and registering their opinions.

The facts are as follows: The animal
was shot by Carl Lawrence at Wil-
lington. Dogs that were fox hunting
came upon the train and drove the
wolf in great circles, always nearer to
Lawrence. Armed with a double-bar-
relled shotgun, Lawrence crippled the
animal at the first shot. Still it bore
down towards Lawrence, with snarling
fangs. The dogs meantime circled about
the wounded animal, spoiling the aim
of the hunter until a lucky shot finally
won the battle.

Taken to the shop of N. Miner, a
local taxidermist, the wolf was found
to weigh forty-one pounds. From head
to tail it measured over five feet.
"It is a real gray timber wolf," de-
clared Mr. Miner, who has a life's ex-
perience among the animals of the
Adirondack woods to back his asser-
tion. "The fangs prove that conclusively.
The color is also correct. I do not
believe there is the smallest strain of
dog in the animal."

A large number of sportsmen share
this view.
Eater Game Protector William
Stearns into the controversy. "I frankly
admit that I am puzzled," he says.
"The head is not good, yet I would
hesitate to definitely say that the
animal is not a timber wolf. I believe,
however, there is a dog strain in the
animal. I doubt if the matter can ever
be definitely settled."

Then, with the species of the animal
still undetermined, the controversy
turned upon the problem of explaining
the wolf's presence in the Adirondacks.
If it be a wolf, Game Protector E. A.
Voorburgh, with years spent in the
Arctic regions to lend authority to his
statements, advances this theory:

"It may be a stray that drifted down
from the Far North possibilities. I
in Canada may have had something to
do with his migration. I do not think
it probable that the wolf has been
in this section for many months before
being routed out by the dogs. Hunger
probably drove the beast nearer and
nearer to human habitations.

"There are other possibilities, how-
ever. I know of a score of fox farms
in the Adirondacks that keep wolves
on exhibition. This may be one that
escaped, or it may be the offspring of
one that has mated with a dog. The
moving picture camps, which are also
accustomed to keeping wolves caged,
are another possibility. I know of the
escape of two wolves from a moving
picture camp not far from the place
of the kill. One of the animals was
killed, but I have never heard what
became of the other."

Says Game Protector Stearns:
"I killed the second animal referred
to by Voorburgh after a hunt of a year.
We have checked up ever place where
wolves are kept in captivity and there
is not a single escape on record."

There the controversy rests. Previous
to Lawrence's kill, the "last wolf in the
Adirondacks" was killed about fifteen
years ago and is now mounted in a
New York City museum.

MAGICAL BEAUTIFIERS FOR WOMEN

Women everywhere are trying all
kinds of beautifiers, only to find that
their effects are transitory. The first
requisite of beauty is health. Without
it the steps lag, eyes are lustreless, dark
circles appear beneath them, the com-
plexion becomes sallow, and almost in-
variably the underlying cause is some
illness peculiar to women. There is a
very inexpensive remedy for this con-
dition in Lydia E. Pinkham's Vegetable
Compound, which for nearly fifty years
has been relieving women from some of
the worst forms of female ills. Why
not let it restore you to health and
beauty and the joys of living?

KING'S DAUGHTERS ENTERTAIN BOYS

The East End Boys' Club were the
guests of the Lend a Hand Circle of
the King's Daughters at an entertain-
ment last night.

A programme was given consisting
of the following numbers: Solo, Miss
Love, accompanied by Mrs. Cooper;
reading, Mrs. A. C. D. Wilson; piano
Solos, by Miss Alice Heales. The boys
gave a clever gymnastic exhibition, the
accompaniment being played by Mrs.
A. J. Mulcahy. At the close of the
programme refreshments were served.
Mrs. J. Sebert Frost, president of the
Circle, was in charge, assisted by Mrs.
Leslie Walters, Mrs. J. Mackenney,
Mrs. E. Milton Smith, Mrs. J. S. Flagg,
Mrs. H. W. Belding, Mrs. Ernest
Waring, Mrs. Christie, Mrs. G. D.
Jones and others. Several visitors were
present, among them being Major J.
S. Frost and Capt. A. J. Mulcahy.

Speaks Highly of This Home Made Cough Remedy

Says It Acts With Unusual Speed—
Loosens the Mucus—Relieves the
Irritation and Stops the Cough

Costs Next to Nothing—for a Big
Supply.

Whenever anyone in my family
catches cold and begins to cough and
sneeze, and hawks and breathe heavy,
it doesn't take me many minutes to fix
up a remedy that will drive away all
such troubles in double quick time.
It's no secret—anyone can make a
half pint of the finest cough medicine
in the world for a trifling sum.

Get from any druggist one ounce of
Painmint (double strength)—to this add
a little granulated sugar and enough
water to make one-half pint—that's
all there is to it.

But now you've got a real medicine
—mind you—the first spoonful you
take acts directly on the membrane of
the throat and nose, the tickling ceases
almost instantly—the inflammation be-
gins to disappear—up comes the stub-
born mucus and after 24 hours
every trace of the cough that frighten-
ed you is gone.

It's really remarkable how this home
made remedy acts on the mucous
membrane and that is one reason it is
so helpful to thousands of Catarrh suf-
ferers.

BIBLE CLASS AT WATERLOO STREET CHURCH AT DINNER

The banquet given in the Waterloo
street Baptist vestry last evening by
the Men's Bible Class of the church
was formally opened by Commissioner
Wignmore. A substantial amount was
realized for church purposes. Rev. and
Mrs. E. P. Wright, Mrs. Wignmore, H.
C. Marley and S. Holder were among
the guests.

The success of the affair was due
largely to the efficient committees look-
ing after the arrangements. The
table committee was under the con-
signment of Mrs. J. Frothingham, ably
assisted by Mrs. Parlee, Mrs. Kier-
stead, Mrs. Morgan, Mrs. Hoyt and
Mrs. P. A. Smith. Another com-
mittee looked after the serving of the
guests under the convenship of Miss
Margaret Earle, assisted by Miss Agnes
Pooley, Miss Ada Coates, Mrs. G.
Brown, Mrs. F. Potter, Mrs. S. Gregg,
Miss Myers, Miss Paris, Miss Mar-
guerite Lackey, Mrs. H. Hoyt, Miss
Maude Hamilton, Miss Florence Kier-
stead, Miss Murphy and Miss Mildred
Reicker.

Don't Squeeze Black- Heads—Dissolve Them

Squeezing and pinching out black-
heads make the pores large and cause
irritation. Blackheads are caused by
accumulation of dirt and dust and
secretions from the skin, and there is
only one safe and sure way and one
that never fails to get rid of them—
a simple way, that is to dissolve
them. Just get from any drug store
about two ounces of peroxide powder
—sprinkle a little on a hot, wet cloth
—rub over the blackheads briskly for
a few seconds—wash off, and you'll be
surprised to see that every blackhead
has disappeared, and the skin will be
left soft and the pores in their natural
condition.

MORNING NEWS OVER THE WIRES

A loss of nearly \$1,000,000 was the
result of a fire which destroyed the
Hospital for Incurables near Mon-
real yesterday morning. The blaze
of them critically ill, were removed
from the institution in safety and tak-
en to other hospitals. A strong wind
kept the flames strong and prevented
the saving of the building.

Miss Grace Kuhring, daughter of the
late Canon G. A. Kuhring, formerly
of St. John, was the winner of a grad-
uating class of fifty-four at the Royal
Victoria Hospital, winning the Alex-
andra Dussault prize. Miss Annie Thom-
son Armstrong, daughter of Mr. and
Mrs. T. E. G. Armstrong, of St. John,
graduated with high honors.

R. Fraser Armstrong, retiring town
clerk of Woodstock, was the guest
of honor last night at a banquet at
the Carlisle Hotel. A handsome travelling
bag and an address were presented to
him. M. J. Rutledge, the new man-
ager, was present.

Fire completely destroyed the Bay
View Hotel at Jacquet River on Wed-
nesday morning. The blaze was dis-
covered early but got too much head-
way to stop. The loss will amount to
several thousands of dollars and it is
understood that there is little insur-
ance.

At a conference of the town council
of Campbellton with C. O. Foss, of the
New Brunswick Electric Power Com-
mission, on Wednesday it was decided
that the town would probably want
200 horse power and this was offered
at a rate of \$22 per horse power per
year at the Campbellton switchboard.
This was equal to about nine-tenths
of a cent per kilowatt hour. Mr. Foss
said the current would be supplied
within eighteen months.

BROWNTAILS BACK IN MAINE AFTER ABSENCE OF 8 YEARS

Augusta, Me., March 16.—After an
absence of eight years the browntail
moth is making its appearance in sev-
eral sections, it is announced at the de-
partment of agriculture. Reports have
been received of irruptions in Kith-
ter, Eliot, South Berwick, Berwick,
York, Lebanon and Wells. E. L. New-
dick, chief of the division of plant in-
dustry, is sending out letters advising
towns what steps to take to head off
the pest.

The department of agriculture will
attempt co-operative spraying with
the towns in effort to reduce to a
minimum the injury to trees and dis-
comfort to individuals.

LANTERNLESS DIOGENES FINED AS MOONSHINER

Boston, March 16.—Diogenes ap-
peared in Federal Court charged with vi-
olating the Volstead law. He admitted
a share in the possession of three stills
and a quantity of moonshine, and was
fined \$1,000.
Frank Gamboa, who faced the court
as the partner of John Diogenes, took
the dark blame off the shoulders of
the man with the name of the ancient
philosopher. He said he was more to
blame than Diogenes for the plant
found on their premises in North
Dighton. The judge believed Gamboa,
who will have a three months' jail
sentence.

take and relieves the cough or cold in
a very short time.
Mrs. J. Wilson, Portage La Prairie,
Man., writes: "I have used Dr. Wood's
Norway Fine Syrup for my five chil-
dren. My little girl, two years old,
had a very bad cold last winter, which
I thought was croup. I had some 'De
Wood's' in the house so gave it to her
and she was fine the next day; also
my baby, three months old, had a bad
cold and I gave it to him. It cuts and
brings up the phlegm, and is the best
cough medicine I ever used."

"The Torch of Verified Circulation"

Lights up the way for the Advertiser

The Telegraph and The Evening Times, with a combined daily
net paid circulation exceeding 30,000 copies, are the only A. B. C.
(Audit Bureau of Circulation) papers in the province of New
Brunswick. These newspapers alone give the advertiser a verified
circulation whose extent is absolutely known and established beyond
question.

Mr. Advertiser, do you realize what this means?

All of the principal Canadian dailies are members of the A. B. C. That is, they give
their advertisers, present and prospective, circulation figures which are audited, certified
and approved by an independent court whose standing is recognized in business circles
throughout Canada and the United States.

Mr. Advertiser, Look at this:

The Following Canadian Newspapers are members of the A. B. C.:

St. John—The Telegraph and The Evening
Times (the only A. B. C. papers in
New Brunswick).

Halifax—The Chronicle and Echo, The
Herald and Mail.

Charlottetown—The Guardian.

Quebec City—Le Soleil, L'Evenement.

Montreal—The Gazette, The Star, The
Herald, La Presse, La Patrie, Le Cana-
da, Le Devoir, The Standard.

Ottawa—The Citizen, The Journal, Le
Droit.

Toronto—The Globe, The Star, The Mail
and Empire and Sunday World, The
Telegram.

London—The Advertiser, The Free Press.

Brantford—The Expositor.

Brockville—The Recorder and Times.

Fort William—The Times-Journal.

Hamilton—The Spectator.

Kingston—The British Whig, The
Standard.

Windsor—The Border Cities' Star.

Winnipeg—The Manitoba Free Press, The
Tribune.

Saskatoon—The Star, The Phoenix.

Regina—The Leader, The Post.

Calgary—The Morning Albertan, The
Herald.

Edmonton—The Bulletin, The Journal.

Vancouver—The Province, The Sun, The
World.

Victoria—The Colonist, The Times.

Mr. Advertiser, in that list you have the chief newspapers of Canada. They give
you an independent audit of their circulation by a universally recognized authority.

"Net Paid" circulation does not mean old lists of doubtful value. "Net Paid" means
that every subscriber included in the figures is either paid in advance or does not owe for
more than six months. The Telegraph and Times, remember, have a combined "net
paid" daily circulation of more than 30,000 copies.

Figuring by circulation The Telegraph and Times rates are the lowest in the Mari-
time Provinces.

By putting the same ad in both papers you cover the city of St. John and the province
of New Brunswick as with a blanket, so far as prospective buyers of your goods are con-
cerned, for these two papers reach to a really wonderful extent the people in this city and
this province who are in a position to purchase the goods that local or national adver-
tisers offer for sale, be these goods bonds or toothpicks, razors or mowing machines,
diamonds or medicines, shoes or silks.

Think over the facts, Mr. Advertiser. Just ask yourself quietly and thoughtfully
what that chain of leading Canadian newspapers means. Their verified circulation is
their greatest advertising solicitor. Think about "the torch of verified circulation."
