MATTISON'S Pancreatic Emulsion of Cod Liver Oil LACTO-PHOSPHATE OF LIME. This medicine can undoubtedly be used with greater success than any other remedy now known, in cases of Consumption, Coughs, Colds, Hoarseness, Bronchitis, Scrotla, Chronic Rheumatism, General Deblity, Wasting Diseases of Children and Adults, and whenever it is necessary to increase the vital forces and build up the system.

the vital forces and build up the system.

Nearly every person that has taken any preparation of Cod-Liver-Oil, knows how very liable it is to disagree with them after a time; this is mainly due to the inability of the stomach (weakened by disease) to digest the full amount of the oil taken. To overcome this trouble we have added Panceratine to our Emulsion, which not only assist in digesting the oil, but is an acknowledged remedy of taelf in the treatment of Consumption.

In taking Mattison's Pancreatic Emulsion of Cod-Liver Oil with Lacto-Phosphate of Lime, your cosive the benefit of two of the best remedies known to science, in the treatment of any of the above diseases.

JAMES NEILSON. TO THE FARMERS OF MIRAMICHI.

We have been Manufacturing IRON FRAME MOWERS the last four years, and are now offering to the BEST MOWER combining greater excellence of mechanical simplicity together with greater durability and entire reliability for all the requirements of the field, than any other Mower extant. —In construction they are similar to the celebrated Waiter A. Wood's Iron Frame Mower, and the Richardson Buckeye, both American Machines. Of the former there are over 200,000 in use, and the extraordinary number of 200,000 in use, and the extraordinary number of 200,000 for manufacture and so we so the consumer of which (no exceptions) stands as a monument of the grand and unprecedented success of home manufacture and our enterprise. A list of our Agents in this section of the Province will be found appended, and farmers are requested to ask information of them relative to our Mowers in use in their respective localities, which will establish beyond doubt their unquestisnable superiority over any other mower to be had in our market.

The facility of procuring all parts or pieces within a nominal length of time must show beyond the shadow of a doubt the claims such an enterprise has upon'the farmers of the Martilime Provinces.

For the coming harvest of 1877 we will manufacture LARGILY in excess of our numbers of last season, and trust that our growing enterprise may find such inducements held out to it as will be commensurate with its merits.

Let it be remembered we have no hesistation at all times, in entering into a friendly competition in the field with any other machine in our market.
