The Chief Organ of the Body. When Rebellious and out

of Order Paine's Celery Compound is Your Only Hope.

It Brings Comfort, Happiness and Health. stomach is the chief organ of the body. When this great and guiding organ is out of order, every other organ depending on it

for nourishment is affected by sympathy.
So long as digestion is properly performed, and healthy fluids secreted from the food, the body is nourished. When the stomach is inactive the system is impoverished, and disease rapidly develops.

If your stomach is rebellions and out of gear, be assured your whole system will soon give evidence of trouble, and your life will be a miserable one.

When you suffer the tortures of indiges tion and dyspepsia, just remember that in the past. This marvellous and wonderworking medicine when used for a short time restores perfect digestion, and gives to

Thousands of the strongest teatimonials testifying to the efficacy of Paine's Celery
