# BOOTS WILL CONTINUE THE ANALYSIS OF WATER

Water and Sewerage Board is the Contention of London

Business — Contracts for the Jew Takes Charge of Christian Mission— Awarded.

The Water and Sewerage Board met, yesterday afternoon instead of last evening, the time scheduled for the meeting. The meeting was of brief, duration, the business being chiefly of a routine nature. It was decided to continue the analysis of the water supply. The contract for excavation for water mains in Charlotte street, West End, and upon Dunn avenue, Lancaster, was awarded to Robert Short and Peter Arsenault.

Peter Arsenault.

Those in attendance at the meeting were Ald. Frink in the chair, Ald. Lewis, Ald. Scully, Ald. Christie, Ald. Belyea, Ald. Hayes, Ald. Kelley, Ald. Likely, the city engineer and the com-

decency," Rev. Dr. McLaren, secretary of the Mission Board, has invited Rev. Dr. Roche and Rev. Dr. Burke to produce copies of Ranok to substantiate their charges, and to lay them before the Home Mission executive. The challenge has been accepted by clergymen named, who claim they will substantiate fully everything that has been said.

TORONTO. Sent. 29—Dr. Chas. A. Likely, the city engineer and the common clerk.

The tenders for the excavation for the water main to be laid on Charlotte street, West End, were epened. The contract went to Short and Arsenault, the lowest tenderers, whose prices per lineal foot were two dollars for rock and sixty cents for earth.

It was recommended to council that the water assessment of John Kerr, Queen street, be reduced by six dollars and that the valuation of H. H. Britain, St. John street, be placed at \$2,000 and the assessment be reduced to five dollars.

that has been said.

TORONTO, Sept. 29—Dr. Chas. A. Hodgetts, secretary of the Provincial Board of Health, reports from Cobalt, where he has been engaged in assisting to check the typhold fever epidemic that eleven citizens of the silver city were before the magistrate yestreday charged with fallure to observe sanitation by laws. Fines were imposed in nine cases, the other two cases being adjourned.

LONDON, Ont., Sept. 29—Arnold Court, six years old, son of William Court, South London, died at the Victoria Hospital yesterday of lockjaw, alleged to have been brought on by a It was recommended to council that a branch of the main sewer on Harding street be extended westward about fifty feet at an estimated cost of alleged to have been brought on by a settly delleged. iffty feet at an estimated sost of affifty dollars.

It was also recommended that the water rates for the C. P. R. be made the same as those for the I. C. R. The rates are to be \$2,500 for 25,000,000 gallons or less and one cent per 100 gallons or less and one cent per

rates are to be \$2,500 for 25,000,000 gallons or less and one cent per 100 gallons for all quantities above 25,000,000 during the present year.

A recommendation was passed to the effect that half a ton of forged bronze for main stop cock spindles be crdered from Glenfield & Kennedy.

It was ordered that the sum of ten dollars be refunded to James D. Cowan for rinsing out a sewer on King street, West Side.

school children.

TORONTO, Sept. 29 — In Knox Church last night the Presbytery of Toronto ordained Rev. Samuel B. Rohold, a young Palestinian Jew to be pastor in charge of the Presbyterian mission to Jews. Rohold's father is chief priest at Jerusalem, where Rohold was born, and the young man has acted as superintendent of the Presbyterian mission to Jews for the past year.

West Side.

The city engineer made a statement concerning the leaks in the supply mains, explaining that every effort had been made to stop the leaks but that some leakage would continue.

Ald. Frink stated that on the night of Sunday, Sept. 19, when there was a fire in York Point, it had been followed by a break at Little River and on Monday and Tuesday eight or ten breaks had occurred throughout the city. The city engineer had informed him that the breaks had been caused by water hammer, due to the too hasty closing of the hydrants by the firemen. The latter had been cautioned about the matter, but had evidently forgotten their orders. It had cost the city \$500 to repair the breaks.

On motion of Ald. Scully, the city engineer and Ald. Frink were ordered to take up the matter with the Safety Board.

EXMOUTH ST. CHURCH HAS BALANCE OF \$200

ficers Elected at Annual Meeting Held

Last Evening.

The annual meeting took place last evening of the quarterly official board and the trustee board of Exmouth Street Methodist Church. Officers and committees were appointed for the ensuing year, and plans were made for completing the renovations of the church, which has already imparted to the building an improved guise in which it is hardly recognizable.

H. P. Sandall presented a report which showed that the church had a balance of \$200 at the end of the financial year. The estimates for the year were fixed at about \$3,000.

Following are the committees and officers: negro resembled a man whom he had seen hanged thirty-two years ago. The negro was questioned and finally taken to the undertaking shop where he identified his brother's body by sears and birthmarks.

The half-brother, James Smithers, court records show, was hanged in this county for murder and his body was finally turned ever to an undertaker by the name of Devore.

C. OF E. COMMITTEES SENTENCED IN MONTREAL CONTINUE THEIR LABORS

> Memoria's on Deaths of Judge Hannington and Hurd Peiers.

MONTREAL, Sept. 29.—Three men onvicted of faking accidents and col-ecting money from the railways and

The committee working in preparation for the synod which meets at Fredericton November 1 continued their labors yesterday. The committee on theological study, which met yesterday afternoon, arranged for the formation of another clerical reading circle. At 5.30 p. the committee on the canon on the board of missions took up the revision of that canon and completed it. The committee on memorials prepared memorials on the deaths of Rev. David W. Pickett, Judge Hannington and Hurd Peters.

Last evening the board of missions was the only committee in session. The reports indicated that about all the parishes are filled. During the past year, largely through the offers of the bishops, twelve new clergymen have been brought into the diocese and assigned to parishes. During the summer vacations several students had been employed at various places. These students numbered about fifteen, other big corporations were sentenced today. Aloff got 5 years. Catsoff one year hard labor, and Shyskofsky 2 1-2 years. The method was to hang around where accidents happened, such around where accidents happened, such as the reliway stations and get struck by a car or something, tie up arm or leg and get doctor's certificate that the leg was broken. So far the authorities have not been able to connect any doctor directly with the certificates. They were issued long after the accident, in most cases by young doctors who thought they were doing a good act to a deserving workingman. Nicola De Gesso who shot a compation got ten years.

"Only one, M'ria?" queried he soli-iously. "Aren't you feeling well?"

family prayers.
Hardly had the ceremony been performed, however, when she could see nothing beautiful in the ceremony. The petition says that after their marriage he held family prayers and she, instead of acting in sympathy with him in such services, refused to kneel during the prayer and refused to even bow her head,

ELECTION WOULD FOLLOW REJECTION OF BUDGET

Announcement Mada Semi-officially Last Night-King's Influence is Against Drastic Measures.

ment was semi-officially made tonight.

There is a growing feeling among the
Liberals, however, that the upper
house will not take this drastic step.
One of the influences making for peace
is the King, who is adverse to having
an acute constitutional issue raised.
Mr. Balfour and Lord Lansdowne are
also believed to favor the House of
Lords passing the budget.

The more ardent tariff reformers, on
the other hand, demand its rejection
and it is expected that their representatives in the Lords led by Lord Milner, will urge this policy The upper
house in the meantime is further aggravating the Liberals. Lord Lansdowne tonight, while persuading the
Lords not to reject the Irish land bill,
promised to support the drastic amendments to this measure when it reaches
the committee stage.

Bentley's the best Liniment

HORSE DRINKING THE BLOOD OF ITS HELPLESS MASTER

Aged Prospector Found Almost Dead in a

Californian Desert.

Mr. Barber is 6 years old.

Mr. Barber is a deacon in the First
Baptist church, and rarely misses its
Sabbath services as well as the regular weekly prayer meeting. At the time of his marriage last June, he says, his bride agreed with him as to their orthodox faith and her love for family prayers.

The aged prospector was lost to Valuays in the state range in Death Valley. In attempting to inflict a flesh wound in his pack animal to secure blood with which to moisten his swollen tongue and throat he accidentally shot himself through the leg. Falling helpess beneath the burning desert sun he lay unconscious. The reminds me we met on an express ously attacked the fallen man and had torn a big wound in his leg when the rescuers found him.

## INFANTILE PARALYSIS

EPIDEMIC IN KANSAS

TOPEKA, Kan., Sept. 28—An epidemic of infantile paralysis has broken out in Norton and Decatur counties, in northwestern Kansas. Since August 10 there have been forty cases and thirteen deaths. The death list includes one man 31 years and another 17 years, both of which died within forty-eight hours after the first symptoms appeared. There are now three adults sick. The other deaths and sick are children from 4 to 11 years of age. Every one who has been stricken has shown little or no improvement.

Until last month the disease was unknown and the physicians could not relieve the suffering. The state Board of Health has ordered a quarantine of the district, and has sent expert bacteriologists to make examinations of the food and food supply to see if possible to discover the cause of the spread of the disease.

It appears partially infectious, but in only one instance has more than one case appeared in any one family. The state Board of Health has forbidden children from affected homes attending school, and the disinfection of all the homes where the disease has appeared.

The only other epidemic of the disease known in this country at present is in Brooklyn.
