## PROVINCIAL NEWS

FREDERICTON, N. B. Dec. 17.— John Reddin, an aged resident of Nashwaaksis, left his home Friday morning for the woods to cut firewood, and lost his way. His failure to return caused much anxiety and in the afternoon a search party was formed and started out to look for him. They searched all Friday night and about nine o'clock the following morning found Reddin under a tree in an unconscious condition from cold and exposure. He was taken to his home and a doctor summoned, who, upon examination, found the man's hands and feet to be frozen stiff and otherwise in a very bad way. His recovery is despaired of.

The recent heavy fall of snow has tended to give business an impetus in this city. There was a large influx of country people yesterday and merchants report business to have been very brisk.

A lad named Sydney Rickford of Lower St. Mary's was arrested Friday night for stabbing Fred West, son of William West of the same place with a jackknife. Both lads work at Marysville, and in returning to their homes on a suburban train got into a dispute. When they disembarked at Gibson station they immediately got into a souffie, in which Rickford used the knife. The wound, however, is not very serious. Rickford was admitted to bail, pending a hearing before the police magistrate on Monday.

SUSSEX, Dec. 18.—The evangelistic meetings being held in the Free Baptist church by Rev. Mr. Nobles, the pastor, and H. McLean of Boston, were very largely attended yesterday. A number indicated their desire to receive the Holy Spirit. Mr. Mc-Lean's singing was greatly enjoyed. Meetings will be held every evening

this week at 7.30. Last night in the Church avenue Baptist church Rev. Mr. Snell of Havelock preached a sermon on prayer. At the close of the sermon the pastor, Rev. W. Camp, baptized two converts in the presence of a very large congregation. During his brief pastorate Mr. Camp has received many very tangible proofs of the esteem from members of his church, and on Saturday he received as a Christmas present from Mrs. C. T. White a handsome fur-lined overcoat costing over \$100. He naturally

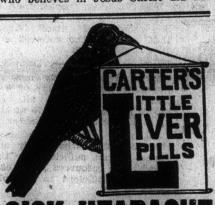

feels very grateful. Rev. J. R. deWolfe Cowie, who for some years has been rector of the Episcopal church in Passadena, California, and who has been compelled to seek rest, arrived in Sussex on Sat-

Hetherington came into the building shortly after the meeting opened, and was greeted with tremendous applause by the conservatives, who formed the larger part of the audience. Mr. Milligan, in opening, said he did not want Mr. Hetherington to reply to his address, as he did the previous evening in the parish of Brunswick.

H. B. Hetherington arose and told Mr. Milligan he had no intention of speaking except he wished him to, as It was a liberal meeting.

Word was received at the college on Saturday evening that Mrs. Roy, mother of the college superior, Rev. A. Ray, C.S.C., was dying at her home in St. Laurant, near Montreal. Casey, was called from the latter city to his mother's bedside.

St. Joseph's college is to present a crosier and not a cross, as reported by one of the St. John papers, to Bishop Casey, coadjutor bishop to the diocese of St. John.

"Vote for Laurier and His Candidates, If You Would Be Spared the Evils of War."

QUEBEC, Dec. 13 .- Le Courier du Canada publishes a copy of a liberal electoral pamphlet issued at Quebec during the campaign of 1896. The paper refers in the same connection to speeches delivered in the commons by Savard, Legris, Brodeur, Bruneau and other liberal members at the session of 1896 against the vote asked by the conservative government for new

rifles for the Canadian troops. The brocheure was entitled, "Do you vish for war?" It has for a sub-title, "Three million dollars for guns, cannons and bayonets, an imminen

The first lines of the pamphlet are as follows: "One of the blunders of old Tupper is imperial federation, which signifies a more intimate alliance between England and her colonies in general, and Canada in particular." This is a gem from the brocheure in question: "One of the conditions of
