FRIDAY, OCTOBER 28, 1910

General News In Condensed Form for Greeting Readers

The C. P. R. has commenced work on their water supply from Chamcook lake to St. Andrews.

The I. C. R. Maritime express was badly derailed on Monday at Nauyasagwan, no one was hurt however.

Dr. A. O. Earle one of St. John's best known and leading Lawyers died very suddenly Monday morning, he had been sick for some weeks but death was not expected.

Two Ontario children playing with matches while their mother was absent in the barn, started a fire in the woodbox and were burned to death before assistance reached them.

Dr. Crippen was convicted for the murder of his wife and will be hanged on Nov. 8. The date originally announced was the 15th but the Sheriff advanced it one week.

The U. S. Government are making rigid search for contraband goods in New York and many of the merchants are quaking in their boots afraid of the consequences, many being afraid their former clerks will betray them.

The Earl of Horrowly who is making a tour of the world accompanied by his wife and son is considering the establishment of another English colony in the north-west similar to the one started some time ago by the Duke of Sutherland.

The Jury in the case of Miss LeNeve who was tried as an accomplice of Dr. Crippen for the murder of his wife after consideration declared her "not guilty," little evidence was produced against her and the defence offered none.

It is likely a bye-law will be enacted in St. John to sell poultry by weight, instead of by the pair as now in practice, this is a move in the right direction and should be made general.

The General Superintendent prizes for the best station flower garden on the C. P. R. between the Atlantic and Pacific was awarded to Arthur Gove, station master at St. Andrews.

The Norwegian Stmr. Harold rescued seven men the crew of the four-masted lumber laden schooner Hollywood which was in a sinking condition in mid-ocean. Capt. Walls of Bath, Me., commander of the ill-fated vessel refused to leave her and most likely perished with her.

The Cruiser Niabe arrived at Halifax on Friday of last week and was given a rousing welcome by our friends the Halifaxians, the old familiar letters H. M. S. are changed on the vessel that marks Canada's first ship to H. M. C. S. S. the C. of course stands for Canada.

A London veterinary has said spiteful things about the cat, and thus he appears to be of the same mind with Masterlinck who in "The Blue Bird" has represented the cat as a most unlikable character, in diametrical contrast with the dog. The veterinary's dislike has, or affects to have, scientific foundation, for he declares that if post-mortem examinations were made of cats, nine-tenths of them would be found to be tuberculous, or would show that they had at some time been so.

Count Katsura, the Premier and Minister of Finance of Japan, speaking at a dinner of the Associated Clearing Houses Sunday evening, said that the only new feature in the next budget will be an appropriation for naval increase amounting to \$40,000,000, payable in six years. This, the Finance Minister said, is needed for the purpose of maintaining peace. Count Katsura emphasized Japan's friendly relations with the Powers and her determination to maintain peace in the far East.

The big Hartford and New Haven Railway Co. is trying to purchase the Eastern Steamship Co.'s stock and have made an offer of 100 cents on the dollar for it, the offer has been refused but in all probability they will be successful in getting control, when they will practically control all the steamship lines from St. John to New York. Whether such a change will be of advantage to the patrons of the Eastern S. S. Co. in this part of the Country is very doubtful, as it will create another huge monopoly.

The Eastport Citizen of 1 week has a long and interesting account of a hunting cruise near Pocologan by Messrs the Hon. W. I. Cummings, Shoe Mfr., of South Berwick and Fred A. Holmes of Eastport under the auspices of George Scott and John Hunter. They succeeded in getting two good moose, one deer and a good fat bag of partridge, woodcock, etc., all of which they brought out of the woods. The account is very interesting and the results show the excellent opportunities for hunting enjoyment in this part of the province and situated almost at the farmer's back doors.

Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making materials, in condensed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, build up the body and thereby throw off lingering obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and nourishes the nerves—in short, establishes sound vigorous health.

If your dealer offers something "just as good," it is probably better FOR HIM—it says better. But you are thinking of the cure not the profit, so there's nothing "just as good" for you. Say so.

Dr. Pierce's Common Sense Medical Adviser, in Plain English; or, Medicine Simplified, 1008 pages, over 700 illustrations, newly revised up-to-date Edition, paper-bound, sent for 31 one-cent stamps, to cover cost of mailing only. Cloth-bound, 50 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

Quick and Permanent Relief from Rheumatism

It is not exposure to cold or wet that is the real cause of rheumatism—it is bad kidneys. So long as the kidneys are doing their work properly, filtering from the blood all the Uric Acid formed there from the waste products of the body, rheumatism cannot exist. It is only when the kidneys fail, and the blood becomes loaded with this Uric Acid, that the slightest exposure stiffens up the joints or muscles and causes agony.

Rev. Father Morrissey

Father Morrissey's No. 7 Tablets

promptly relieve and permanently cure rheumatism by putting the kidneys into perfect shape for their work. Once the strengthened, invigorated kidneys get the Uric Acid cleared out of the blood the rheumatic pains disappear. If they ever show symptoms of returning a few No. 7 Tablets will tone the kidneys up again and keep you free from the dreaded rheumatism.

Father Morrissey's No. 7 Tablets have proved their value in hundreds of cases where other remedies have failed entirely.

50c. a Box—at your dealer's.

Father Morrissey Medicine Co., Ltd., Chatham, N. B.

Minard's Liniment

The Original and only Genuine
Beware of Imitations Sold on the Merits of Minard's Liniment

Minard's Liniment is a most interesting discovery is announced from Jerusalem, where an entire church has been unearthed on the summit of the Mount of Olives. The building, which dates from about 320 A. D., appears to have been destroyed by fire at one period and then partly rebuilt. The remains contain some remarkable mosaic baptismal fonts, and a stone bearing the name "The Odorus" in Greek. Servants believe this to be one of the Holy Sepulchres St. Helena erected on the spot where Christ is said to have engaged His Disciples in prayer on the last evening.

A writer in the Journal of Physiological Therapeutics says that modern science has brought to light nothing more interesting than a demonstration of the old proposition, "Worry kills." Worry, according to the writer, injures beyond repair certain cells of the brain, and the impairment of this center weakens other organs so that when certain diseases or certain combinations of diseases appear the person must succumb. Occasional worry is declared not to be positively harmful; it is the continuation of a disquieting idea that wears out the brain cells.

A Leg Puller.
Berthwhistle—Dauber isn't a bad artist on drawing the figure.
Beercroft (feelingly)—No; and he is an expert at pulling a certain part of it.—Brooklyn Eagle.

A gentleman formerly attached to the American embassy at London tells how an old country sexton in a certain English town in showing visitors around the churchyard used to stop at one tombstone and say:
"This 'ere is the tomb of 'enry 'Ooper an' 'is eleven voices."
"Eleven!" exclaimed a tourist, on one occasion. "Dear me, that's rather a lot, isn't it?"
Whereupon the sexton, looking gravely at his questioner, replied:
"Well, mum, yer see, it war an' obby of 's'in.—Harper's.
