The graphic intelligence from Montreal tells  
us that Mr. Hincks has said that the Governor  
General is prepared to recommend this measure  
Freemen of Upper Canada, not yet tried in  
Quebec, whose treason was exposed in the  
Court of Justice, to be tried in Quebec, and  
that if that were done, the trial would be held  
in the same unconvincing spirit of many  
resolutions, and would be a mere farce, and  
open to stand or fall by the side of a  
Loyal and Conservative leader. Let the men of  
Upper Canada stand forth in their might, and tell  
these French Canadian Rebel Legislators, that  
most, and that we will do everything, rather  
than submit to the wicked and perfidious pro-  
position, that the innocent should be tried, to  
raise the gallows, and be punished in the  
spirit and in his feelings to an infinite degree.
