

# MANY KILLED AND INJURED DURING PARIS RAID

## ONE HUNDRED LOSE LIVES DURING A RAID ON PARIS

### Wounded Number 79—Of Killed 66 Were Largely Women and Children Who Were Suffocated During Panic—Sixty German Machines Joined in Attack—Buildings Demolished and Set on Fire.

Paris, Mar. 12.—Thirty four persons were killed and 79 others were injured in Paris and its suburbs as a result of last night's German air raid. In addition to the bomb victims 66 persons were suffocated through crowding in a panic into a metropolitan railway entrance to take refuge from the raiders. These were for the most part women and children. Fog, which had covered the city Monday morning, settled down again in the early evening. It was thick enough to cause the general belief that there was little chance that the Germans would attempt an air raid. This belief, however, was shattered at 9.10 o'clock, when the warning was sounded of the approach of hostile aircraft. The raid ended shortly after midnight.

#### Sixty Enemy Machines.

The official report of the raid says: "According to the first news, nearly sixty enemy airplanes succeeded in crossing our lines. Thanks to the curtain fire which our artillery maintained throughout the raid with great intensity a certain number of the machines failed to reach their objectives. Nevertheless numerous bombs were dropped on Paris and its suburbs. Several buildings were demolished and took fire. Of the bomb victims twenty nine

were killed and fifty injured in Paris and five killed and twenty nine injured in the suburbs. A German airplane was hit by French anti-aircraft guns and fell north of Soissons. Three passengers of them were captured. Soissons is near the bend in the battle line northeast of Paris. The machine brought down there may have been one of those taking part in the raid on the French capital. The raiding Gotha brought down in flames fell on a spot three miles from Chateau Thierry. A German captain, who was on board and was taken prisoner with the crew, belongs to the Third Squadron of the Seventh Army.

#### MAY QUIT MOSCOW.

Washington, Mar. 12.—The Russian revolutionary government is prepared to move from Moscow to some point farther east if the German armies continue to advance into Russia. A message to the state department today from American Consul Summers at Moscow, dated March 8, said the government was expected there next day and arrangements would be made to go to some other city if it became necessary.

## HUN ATTACK IS REPULSED

### Germans Lose Heavily in Charge on Portuguese Near Laventie.

London, March 12.—A large German raiding party, attacking positions on the Portuguese troops near Laventie, was caught by machine gun fire from the front and on both flanks and suffered severe casualties this morning, according to the British official communication tonight. Numerous dead and wounded Germans were left in No Man's Land when the main body took to flight. The text of the communication says: "This morning, after a heavy bombardment, a large hostile raiding party attacked Portuguese positions southeast of Laventie, on a front of 700 yards. The raid was completely repulsed. The hostile infantry was caught by machine gun fire from the front and on both flanks and suffered heavy losses, both when endeavoring to cross our wire and when retiring through our artillery barrage. Many dead or wounded Germans were left in No Man's Land. Several prisoners remained in the hands of the Portuguese. "One of our posts east of Zonnebeke was raided by the enemy early this morning. A few of our men are missing. Hostile raids attempted at the same hour against three of our posts south of this point were successfully repulsed."

#### 800,000 MEN ARE CALLED IN U. S.

Washington, Mar. 12.—Eight hundred thousand men are to be called to the colors gradually during the present year, under the second army draft which begins on March 29. An announcement today by Provost Marshal General Crowder of the number to be called, was followed closely by an order for the mobilization of 50,000 men during the five day period beginning March 29, some 15,000 of them to be assembled under the second draft. Eighty thousand will be men of the first draft of 687,000 not yet summoned into service. The 800,000 men to be summoned this year represent the number necessary to fill up all existing divisions, to create all the army corps and field army troops to be put out the war machine for which framework exists, and to provide a quarter of a million replacement troops.

#### BOLSHEVIKI ARE WARNED NOT TO INVADE CHINA.

(Continued from page 1) Officials of the Allies at Harbin agree that the situation in Siberia is growing worse. Every plan proposed for the amelioration of conditions meets with opposition or apathy, they say, while fifty per cent of the railway workmen in Manchuria are now Bolshevik in affiliation, whereas a month ago 90 per cent was insignificant. The growth of Bolshevism is said by some of the investigators to be due in a measure to fear of the Japanese, with disbelief in the sincerity of American friendship as another factor. They report that statements have been heard among the propagandists that any class of Germans was preferable to the Japanese, and the idea appears illusory to many that the Bolsheviks will oppose German influences.

He reported the matter to District No. 4 but nothing was done about it. Father Dagenais said he had seen women even soliciting policemen in the streets, and no action was taken. #### OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up. Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils open, the air passages of your head will clear and you can breathe freely. No more sniffling, hawking, mucous discharge, dryness or headache; no struggling for breath at night. Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

#### Hair Often Ruined By Careless Washing

If you want to keep your hair looking its best, be careful how you wash it with. Don't use prepared shampoos or anything else, that contains too much alkali. This dries the scalp, makes the hair brittle, and ruins it. The best thing for steady use is just ordinary mild coconut oil (which is pure and greaseless), and is better than anything else you can use. One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage. You can get multified coconut oil at any pharmacy. It's very cheap, and a few ounces will supply every member of the family for months.

#### No Trouble to Remove Superfluous Hair

(Toilet Tips.) It is an easy matter to rid the skin of objectionable hair or fuzz, if you proceed as follows: Mix a paste with some water and a little powdered delatone, apply to hairy surface and in 2 or 3 minutes rub off, wash the skin and the hairs are gone. This method of banishing hairy growths is painless and does not mar the skin, but to avoid disappointment, be certain to get real delatone.

#### HOW TO GET RELIEF FROM CATARRH

If you have catarrh, catarrhal deafness, or head noises go to your druggist and get 1 oz. of Farmint (double strength), take this home add to it hot water and just a little sugar as directed in each package. Take 1 tablespoonful 4 times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to make, tastes pleasant and costs little. Every one who has catarrh should give this treatment a trial. You will probably find it is just what you need.
