

DON'T SEE HOW I STOOD THE STRAIN, SHE SAYS

Clifton Woman, Now Well and Happy, Says Tanlac Would be in Every Home if People Knew It Like She Does.

"Tanalac would be in every home if everybody knew as much about it as I do," declared Mrs. Sandy P. Newell, of Clifton, New Brunswick, while relating her experience with the medicine recently.

"Ever since childhood I have been in bad health," she continued. "I have suffered from my stomach nearly ever since I can remember and my appetite had become so poor that I could hardly eat anything. Nearly every week biliousness came on me and I would feel weak and fatigued and sick at my stomach. I suffered dreadfully from gas and would blow up so that I almost took my breath away. My heart palpitated so fearfully at times that I thought sure I had heart trouble and often there was an awful burning all through my chest and throat.

"But what I dreaded more than anything else was those terrible headaches that came on me regularly. I just had to think of the suffering."

CHALMOOGRA OIL TO CURE TUBERCULOSIS

Remedy Which Has Proved of Value in Leprosy to Combat White Plague.

Washington, Oct. 11.—Refined chaulmoogra oil which experts of the government Public Health Service say has arrested the progress of leprosy is to be used by them in the fight against tuberculosis. The experiment with tubercular patients will be conducted in Hawaii.

Dr. J. E. McDonald, superintendent physician of the leprosy investigation station at Kalahehi in Honolulu, with Dr. A. L. Dean, chemist and president of the University of Hawaii, will start the fight against tuberculosis, at the same time continuing their work against leprosy.

No concrete result of the use of the chaulmoogra oil in tubercular cases has yet been reported to the headquarters of the public health service here, but from their investigations with tubercular patients in Hawaii, Dr. McDonald and Dean have hopes of successful treatment of patients themselves.

The health of leprosy and tuberculosis, according to government scientists, have been found to have similar characteristics, and the fatty acids of chaulmoogra oil seemingly have proved poisonous to the leprosy bacillus. This is the basis for the scientific hope that these acids likewise will be deadly to the germ of the "white plague."

Dr. McDonald has not yet made any formal report of his work with the tubercular patients to officials here, but unofficial reports from Honolulu state him as saying that scientists at the University of California have discovered that the fatty acids of chaulmoogra oil are bactericidal to an acid fast bacillus, in which case are the leprosy and tuberculosis bacilli. The inference, according to the doctor, is that what has been done in leprosy and the dread of leprosy may possibly be repeated to relieve the world of tuberculosis.

The public health service maintains a tubercular hospital in Hawaii separate from its leprosy stations, and the experiments with tuberculosis are being conducted at the former. Health officials here refrain from any prediction of results, but express hope that chaulmoogra oil will prove a specific for curing tuberculosis.

CAN YOU BEAT IT.

Raleigh, N. C., Oct. 11.—A whiskey still was discovered in the basement of one of the buildings of the State Prison by officials during their daily round of inspection recently. A negro prisoner, serving the twenty-first year of a life sentence, confessed they said, that he had built and attempted to operate the plant while residing as a trusty in the prison shop.

The more crime men owe, the more they want to owe.

SHILOH 30 DAYS COUGHS

IF YOUR EARS RING WITH NOISES

If you have ringing, buzzing noises in your ears, are getting hard of hearing and feel Catarrhal Deafness, due to your druggist and get 1 ounce of Parmitin (double strength), and add to it 1-4 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Closed nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Any one who has Catarrhal trouble of the ears, is hard of hearing or has head noises should give this prescription a trial.

PEOPLE CHARY ABOUT BUYING U. S. VESSELS

Attempts of Shipping Board to Dispose of Wooden Ships Not Very Successful.

(Copyright, 1920, by Public Ledger.)

Washington, Oct. 12.—The United States Shipping Board announced today that three bids for four ships had been made in response to their advertisement for sale of the 285 vessels of the war emergency wooden ship fleet. These vessels have been gathered in the James River, where they are held for sale by the shipping board. The bids were made by Pendleton Brothers, Inc., of New York, who offered \$25,000 for the Bonifay and \$25,000 for the Gullford; the Howard Lumber Company of Memphis, Tenn., who offered \$25,000 for the Kalamazoo; and the Grosby transport company of Milwaukee, Wis., which offered \$20,000 for the Sturgeon Bay.

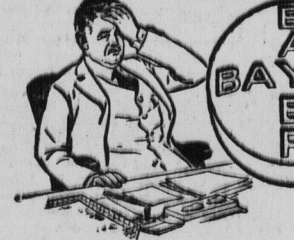

Two previous attempts to obtain bids for the wooden ship fleet were unsuccessful. The difficulty experienced by the shipping board in disposing of the expensive fleet has been the outstanding feature of the attempt to sell them as provided for by Congress. Some of the shipping board officials attribute the unwillingness of people to buy the ships to the statement in the press that they had been brought together in fresh water in the James river. Although as a matter of fact they are better off than in salt water, it was said, people had gathered the contrary impression about the ships and feared to buy them.

BOOTLEGGER IS KILLED.

Leedsbridge, Oct. 12.—As the result of a running fight between Alberta provincial police and bootleggers along the Alberta-Montana border last Sunday, Victor Ryberg, bootlegger, was killed. It became known yesterday when his body was found in a haystack on the Montana side of the line.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

For Colds, Pain, Headache, Neuralgia, Toothache, Rheumatism, and for many other ailments, Aspirin is the only remedy that has been proved by scientific tests to be the most effective. Aspirin is the only remedy that has been proved by scientific tests to be the most effective. Aspirin is the only remedy that has been proved by scientific tests to be the most effective.

"DANDERINE"

Stops Hair Coming Out; Doubles Its Beauty.

A few cents buys Danderine. After an application of "Danderine" you can not find a fallen hair or any dandruff, besides every hair shows new life, vigor, brightness, more color and thickness.

YELLED BEFORE HE WAS REALLY HURT

Paris, Oct. 12.—M. Desrois, a business man of Argentuil, a suburb of Paris, was driving in a taxicab recently when a tire burst. At the report the chauffeur leaped from his seat without stopping the motor and running at the top of his speed, shouted "I am shot." The taxicab was stopped by a convenient lampost. The passenger was unhurt. A police stationer, he found the excited chauffeur telling the police he had been shot from behind his fare.

So many chauffeurs have been shot by their fares lately that Parisian drivers are somewhat nervous.

Death enables us to dodge the tax assessor.

PENCIL TEST FOR GIRLS.
A great many Walla Walla girls do not walk correctly, says the Walla Walla Bulletin. The correct walking test in the discovery of Miss Ruth McCoy, physical director of the school. She is making it in connection with a semi shoe campaign. Says Miss McCoy: "Lifting a pencil with the toes—the toes passing the pencil against the ball of the foot—shows that the owner of those toes properly, exercising all the muscles and making them strong."
