

21
I am the only one that has a soul right to the lot; I wish to cut some green wood that is on it, to make more improvements for there is too much brush on it. And I cant and dont like to go a head, as I would like to hear from head office. first

Explanation.

This lot lies surveyed distinctly separate from the Indian Reserve, though it is in the Reserve. Now understand it is not counted in the number of Acres in the Indian Reserve, you will see quite plain on the map, it is next to the Hudson Bay Coy. And is a river lot, and was surveyed out long before the Reserve was surveyed, now who does this lot lawfully belong to, to me, or the Government, as I wish to know how to proceed, to have my lawfully right to this claim, as it has been my humble home for the last forty years. As I have already mentioned, if not asking to much, would you kindly take an interest of this at once, and please let me know at your earliest convenience as how to proceed. Thanking you in advance, yours Respectfully

Thos. Storr Fairfield Manitoba
