

Sparkles.

AN exchange tells of a dog that can count. But it can't equal a cat in running up a column.

OF VITAL IMPORTANCE.—It is just as essential that the human body should have pure blood as that a tree or plant should have sap to nourish and invigorate its growth. Nearly all our bodily ills arise from unhealthy blood. Burdock Blood Bitters purifies this fountain of life, and regulates all the vital organs to a healthy action.

"Yes," said the mother, "Mary is very ambitious. She vows she will marry a foreign count or some grandee of some kind, and she wants to be accomplished." "Accomplished?" "Yes, nothing will satisfy her short of being fitted to become the wife of a nobleman." "And are you educating her?" "Yes, I am teaching her how to wash and iron."

Mrs. Langtry, Sara Bernhardt, and Adeline Patti Revisit Toronto.

These celebrated artistes will arrive here in the coming season to give us pleasure during the dreary months. Some people, however, prefer a different kind of pleasure and that is to furnish a home of their own, and have music, cards and games to while away the hours. Jolliffe's is the place to furnish these homes, and 467 to 473 Queen Street West contains an enormous variety for you to choose from.

YOUNG lady: "My dear professor, I want to thank you for your lecture. You made it all so plain that I could understand every word." Professor: "I am truly glad you did understand it. I have studied the subject for about thirteen years, and I flatter myself that I can bring the subject within the comprehension of the weakest intellect."

MANY SUFFER rather than take nauseous medicine; and this is not strange, as the remedy is often worse than the disease. Sufferers from coughs, influenza, sore throat, or tendency to consumption, will find in DR. WISTAR'S BALSAM OF WILD CHERRY a remedy as agreeable to the palate as effectual in removing disease.

BOSTON GIRL: "Let me see, they have bears and such animals up in the Arctic region, don't they, Mr. Higgins?" Returned Arctic Explorer: "Oh, yes. I went out one day and followed an immense bear, and finally shot and cached it." Boston Girl: "Caught it? I suppose you mean caught, don't you, Mr. Higgins?"

HONESTY THE BEST POLICY.—An honest medicine is the noblest work of man, and we can assure our readers that Dr. Fowler's Extract of Wild Strawberry is not only reliable, but is almost infallible to cure Cholera Morbus, Dysentery, Canker of the Stomach and bowels, and the various Summer Complaints, whose attacks are often sudden and fatal.

"My dear," said a father to his daughter as she appeared upon the porch of a Saratoga hotel in her fifth costume for that day, "if you indulge in such extravagance, do you think that the angels will watch and wait for you?" "No," interrupted the old gentleman's wife, "of course they won't, but the men will, and that's what we came up here for. Don't be silly, John."

FOR SORE THROAT, Sudden Colds and Diphtheria, no remedy has ever been discovered so powerful to cure as Davis' PAIN-KILLER. As a liniment it has no equal in curing Rheumatism or Neuralgia, Burns and Bruises, and wounds of every description. It is the cheapest and best remedy ever offered to the public.

A ROMANTIC young lady in London obtained recently the desire of her heart—she met the poet laureate at dinner, and the sympathetic hostess even arranged that she should be placed next to him. One remark, and one alone, did the poet address to the gushing maiden at his side, and it was this: "I like my mutton in wedges."

Horsford's Acid Phosphate. In Constipation.

Dr. J. N. Robinson, Medina, O., says: "In cases of indigestion, constipation and nervous prostration, its results are happy."

CONSUMPTION CURED.

An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma and all throat and Lung Affections, also a positive and radical cure for Nervous Debility and all Nervous Complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellow-men. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, this recipe, in German, French or English, with full directions for preparing and using. Sent by mail by addressing with stamp, naming this paper, W. A. Noves, 149 Power's Block, Rochester, N.Y.

Strong Words of Praise.

"The crowning work of this publisher's extensive list. It is the scheme of the project or to present in a convenient form and at a moderate cost, a complete survey of the written literature of all ages and all peoples. It is gotten up in a style that would make it suitable to the handsomest of libraries, while in price no one need say he cannot afford to buy it. It is one of the most remarkable schemes in the annals of publishing, and I am sure men of moderate means in the reading world will not be slow to appreciate it."—The Keynote, Philadelphia.

"In these volumes we have one of the best, and certainly the cheapest, work of the kind we have ever seen. It contains biographical notices, criticisms, and specimens of the writings of every eminent author, who has by his writings made a distinctive mark in the history of human culture and progress. In the case of foreign authors, the translations which have been caught the spirit of the original have been chosen. The literature of our day holds a very prominent place. So far as it has gone the collection is very full and complete, the two first volumes containing notices of about one hundred and eighty authors, with nearly as many specimens of their works. The book is

in a convenient form, printed in large, clear, readable type, neatly bound."—The Week, Toronto.

"A work which bids fair to be of essential service to the scholar and professional man."—Southern Churchman, Richmond, Va.

"The work deserves generous patronage both for its literary and biographical value and the low price at which such substantial volumes are furnished."—Gospel Banner, Augusta, Me.

"This is an admirable project, and the lovers of good literature will thank Mr. Alden for giving them so excellent a cyclopaedia of all that is good in the whole range of literature."—Christian World, Dayton, Ohio.

"The excellence of the work, as promised in the first volume, is fully carried out."—Oregonian, Portland, Oregon.

"This is an invaluable series of books, cheap in price, but not in make-up and appearance."—Christian Advocate, Pittsburgh, Pa.

"It is an admirable plan to enable any one to obtain, within a moderate course of reading, a general acquaintance with the best literature of the world."—Lutheran Observer, Phila.
