DON'T LET YOUR HANDICAP STAND BETWEEN YOU AND A SATISFYING, PROFESSIONAL FUTURE.....

Join the Public Service of Canada.
The Government of Canada is committed to improving employment opportunities for handicapped persons and to this effect has created the Office of Services to Handicapped People. Our mandate is clear and simple: ensuring that physically handicapped individuals have equal access, and equal opportunities, to career development within the Public Service, according to their skills and abilities.
The Public Service Commission maintains an inventory of people for referral to various fields of Scientific, Professional, Administrative and Technical Occupations in Federal government departments.
We are particularly interested in individuals with experience in computer programming and analysis, in a variety of engineering fields, in environmental or natural sciences, in drafting and in accounting with CGA or RIA designation.
We would be pleased to talk to you about your future with the Public Service.
