To The Right Hon.

Arthur Meighen

Canada

Dear Sir,

I beg to thank you for the excellent speech at Saskatoon which I have just now read.

Yours is the right vision for the future of Canada, and I for one believe in you.

Thank God you have the ability, & I pray that you may be given the strength to "Carry on".

What the result here may be it is hard to prophesy. We were like a scattered flock when we lost the leadership of Sir F. Haultain, and the "Wolf" that got in amongst us was the Hon. Walter Scott. If you have ever seen his physiognomy it is all over branded "Wolf". The smell of him remains in this province. But, there is a seed remaining & I am hopeful it will bring forth some fruit on the 29th — I will do as much as I can in this corner. I am a native of Aberdeen shire, Scotland, & I have farmed here since 1905. I have also been postmaster since 1912
