OTTAWA, 4th November, 1902

Sir,

In reply to your letter of the 8th ultime I beg to say that you may purchase five tons of coal for the Middle River school. You may also have a coal shed and water closet built under one roof but it is considered that your estimate of the probable cost thereof is excessive and that it should be built for much less than \$60.00

You may also purchase the coal shovel, broom, water pail, mug and stove pipes required.

Your obedient servant,

L. M. Lee

Secretary
