

The Sunday School Scholars of the Present are the Church Members of the Future

¶ It is therefore "up to" those who are their seniors so to train them that they shall be not only Church members, but good Christians and good Christian workers.

¶ The PRESBYTERIAN PUBLICATIONS have been co-operating for a number of years in this most urgent and most promising task.

¶ OUR Lesson Helps—Uniform and Graded—supply the sort of material most helpful for the moulding of Christian character. Along with help on the Scripture Lessons are the Catechisms and the Question on Missions.

¶ Our three illustrated Papers, EAST AND WEST, THE KING'S OWN, and JEWELS, almost everyone knows. They are closely adapted to the various ages, from babyhood to manhood and womanhood. They are all strongly Canadian.

¶ As for general Sunday School supplies, we issue the largest and most attractive Catalogue of these issued in Canada.

¶ Remember that **every order you send to us helps us to serve you better.** The PRESBYTERIAN PUBLICATIONS receive no contributions from the Church. We earn our own way, and spend every penny of profit in giving better publications and service to our Sunday Schools and Young People and Churches.
