### PARKER HOUSE ROLLS.

Mix well together 2 quarts of flour, 1 tablespoonful of butter, 2 tablespoonfuls of sugar, and 1 teaspoonful of salt. Make a hole in the flour and stir in a pt. of milk which has first been scalded and cooled. Have ready a cake of yeast which has first been soaked in water, and add this to the mixture. If made in the morning, allow to stand until noon, then mix well. About four o'clock, roll out one-half inch thick; cut with biscuit cutter, and fold as you would a

turnover; let rise again and bake in a quick oven from  $\frac{3}{4}$  to  $\frac{1}{2}$  of an hour.

### A NEW EGG DISH.

Use hard boiled eggs; separate the yolks from the whites and chop the whites fine and pour over this cream sauce. Place in serving dish and put the yolks through a potato ricer and sprinkle over whites. The cream sauce is made in the following manner: Melt two tablespoonfuls of butter; add 2 tablespoonfuls of flour and  $\frac{1}{2}$  teaspoonful of salt; pour on very slowly  $\frac{1}{2}$  cups of scalded milk.

### MIXED SALAD.

Chop fine some fresh mint; add a tablespoonful of sugar  $\frac{1}{2}$  teaspoonful of vinegar; and boil. Put in the mint and let boil up just once, after which pour into a sauce dish and cool a little before serving.

### NONPAREIL SALAD DRESSING.

Yolks of 8 eggs (well beaten), 1 cupful of rich cream, 1 tablespoonful of mustard, 1 tablespoonful of salt, 1 tablespoonful of black pepper, and a dash of cayenne. Mix all thoroughly, and then put over the fire  $\frac{1}{2}$  pint of vinegar, one cupful of butter; if vinegar is too strong dilute with water. Let boil and then pour over the other ingredients, stirring all the time. Put back over the fire and let boil for thirty minutes.

### STEWED CHICKEN.

Lay the disjointed chicken compactly in a porcelain or granite pot and sprinkle baking soda the size of a navy bean over the chicken. Cover with boiling water and allow it to come to the boiling point quickly. Pour off the water and scum, and again cover with boiling water; allow to simmer until tender, then season and thicken the broth for a cream gravy.

### TAPIOCA PUDDING.

Soak two-thirds cupful of tapioca over night. Cook in double boiler twenty minutes with juice from one of pineapple. While cooking add one and one-half cups of sugar and a pinch of salt. When cooked, add the pineapple and one teaspoonful of vanilla flavoring. This pudding should be served with whipped cream.

### MOCK CHERRY PIE.

Cover the bottom of a pie plate with paste. Reserve enough for upper crust. For filling, use one cup of cranberries cut in halves, one-half cup of raisins, seeded, and cut in pieces; three-quarters cup of sugar, one tablespoon flour, and lump of butter the size of a walnut. Bake thirty minutes in a moderate oven. Add more sugar, is desired.

It is with much regret that we have not space always available for a Corner for the boys and girls who read Farm and Dairy. In the near future we hope to have a special department for the young people where they can discuss subjects of interest to them. We are in receipt of a very nice letter from a twelve-year-old girl which we publish here in full.

Dear Editor—Father has been taking Farm and Dairy for a number of years and thinks it a fine paper. I have been reading the "Children's Corner" in several other papers and have been thinking how nice it would be if there were a similar corner in Farm and Dairy. It would be very much more interesting for the girls and boys.

I live on a 300 acre farm in Grey Co., and have been enjoying my summer holidays. I enjoy going to school very much as we have a lovely teacher and a fine new brick school. I am in the fourth reader and intend trying my entrance examinations next June. I hope the "Children's Corner" will begin soon in Farm and Dairy.—Mary Bell Halbert, Grey Co., Ont.

## A Novel Bake Board

For working pastry, I use a slat made of Italian marble, 24 by 30 by 1 inches. The advantage that it possesses over wood or zinc is that it is cool, which makes the pastry light and fluffy. The materials do not stick to it. Vermont marble, which is used for many things in this country, will not answer as well as it is too porous, causing it to absorb the fat, Italian marble is very close grained. The piece we have cost us about \$2.—Mrs. Henry Glendinning, Victoria Co., Ont.

## Pleased with Camera

We received a camera from Farm and Dairy recently for securing a club of four new subscribers and am much pleased with it. We have taken some pictures with it and they have turned out very well. Please send us some more sample copies and a premium list as we want to get more subscribers for Farm and Dairy.—P. and Eric Robart, York Co., Ont.

### PLAIN AND TUCKED SLEEVES 6438

The bishop sleeve is always a graceful one. Just now it makes the latest style and is made both with good and without a cap, and both plain and tucked. Here are three, all of which are attractive and graceful.

Material required for medium size is:  $\frac{1}{2}$  yds 21, 24, or 32 in wide;  $\frac{1}{2}$  yd 44 for any sleeves;  $\frac{1}{2}$  yd 21, 24, or 32 yd 44 for cap;  $\frac{1}{2}$  yd of all-over lace for pointed cuffs,  $\frac{1}{2}$  yd of banding, 1 yd of edging for tucked sleeves.

Long coats mark the season and this one is extremely popular. It includes lapped portions at the sides, which make one of the latest features. It is made with a deep opening and a shawl collar, that is characteristic of this autumn.

Material required for medium size is:  $\frac{1}{2}$  yds 27, 41, yds 44 or yds 52 in wide; 1 yd full length;  $\frac{1}{2}$  yds 27, 41 yds 44 or  $\frac{1}{2}$  yds 52 in wide for three-quarter length. ### MISSIE'S SEMI-PRINCESS DRESS 6425

Semi-princess dresses will be extensively worn throughout the coming season. This one is eminently girlish, simple in effect, yet is absolutely smart.

The dress is made with the blouse and skirt that are joined beneath at the waist, has the advantage of closing at the left of the front. The stole-like portion is separate and arranged over both blouse and skirt.

Material required for the 16 yr. size is: 9 yds 24, or 27, 55 yds 32 or 41, yds 44 in wide with  $\frac{1}{2}$  yd 18 for very well.

### GIRL'S DRESS WITH GUMPE 6430

Such a little dress as this worn over a separate gumpe and closed at the front is practical and smart. The scalloped edge is pretty, but optional. For the straight edges can be finished with any applied banding if preferred.
