THE GREAT ILLUSTRATED
Rural, Literary & Family Weekly

This famous Weekly, which has been the Leading and Largest-Circulating Journal of its class for over twenty years, not only "still lives," but purposes to render its ensuing (XXIXth) volume better than any yet published. Moore's Rural is the Standard Authority on Agriculture, Horticulture and Domestic Affairs, and a choice, high-toned and popular Literary and Family Paper. No other journal in its sphere has such a large and able corps of Editors and Contributors, and none comprises so many Departments or so great a variety of subjects, illustrations, &c. National in character and objects, and adapted to both town and country, it has ardent admirers in every State, Territory and Province on the Continent. Ever earnestly advocating the rights and interests of the industrial classes, MOORE'S RURAL NEW-YORKER has long been the

FARM AND FIRESIDE FAVORITE

and to-day has no peer in its important sphere of Journalism. Believing in fact, talent, and the discussion of such timely topics as are of paramount interest to producing people, it employs the ablest talent in the land, and furnishes the Best Paper for

THE STOCK GROWER,

THE HOUSEWIFE, ETC.

In the future no pains will be spared to render the paper indispensable to the rural and industrial population of the country, and a welcome guest at every fireside it may visit. The reading for the family and young people, with appropriate illustrations, will receive increased care and attention, while none of the practical departments will be neglected—our aim being to excel in every and all features, and to furnish the best combined Rural, Literary and Family Newspaper obtainable.
