Reward of Merit.

A New Catarrh Cure Secures National Popularity in Less than One Year.

Throughout a great nation of eighty million it is a desperate struggle to secure even a recognition for a new article, to say nothing of achieving popular favor, and yet within one year Stuart's Catarrh Tablets, the new catarrh cure, has met with such success that to-day it can be found in every drug store throughout the United States and Canada.

To be sure, a large amount of advertising was necessary in the first instance to bring the remedy to the attention of the public, but everyone familiar with the subject knows that advertising alone never made any article permanently successful. It must have, in addition, absolute, undeniable merit, and this the new catarrh cure certainly possesses in a marked degree.

Physicians, who formerly depended upon inhalers, sprays and local washes, or ointments, now use Stuart's Catarrh Tablets, because, as one of the most prominent stated, these tablets contain in pleasant, convenient form, all the really efficient catarrh remedies, such as red gum, blood-root and similar antiseptics.

They contain no cocaine nor opiate, and are given to little children with entire safety and benefit.

Dr. J. J. Reitter, of Covington, Ky., says: "I suffered from catarrh in my head and throat every fall, with stoppage of the nose and irritation in the throat, affecting my voice and often extending to the stomach, causing catarrh of the stomach. I bought a fifty-cent package of Stuart's Catarrh Tablets at my druggist's, carried them in my pocket and used them faithfully, and the way in which they cleared my head and throat was certainly remarkable. I had no catarrh last winter and spring, and consider myself entirely free from any catarrhal trouble."

Mrs. Jerome Ellison, of Wheeling, W. Va., writes: "I suffered from catarrh nearly my whole life, and last winter my two children also suffered from catarrhal colds and sore throat so much they were out of school a large portion of the winter. My brother, who was cured of catarrhal deafness by using Stuart's Catarrh Tablets, urged me to try them so much that I did so, and am truly thankful for what they have done for myself and my children. I always keep a box of the tablets in the house, and at the first appearance of a cold or sore throat we nip it in the bud, and catarrh is no longer a household affliction with us."

Full-sized packages of Stuart's Catarrh Tablets are sold for fifty cents at all druggists.

Send for book on cause and cure of catarrh, mailed free. Address: F. A. Stuart Co., Marshall, Mich.—Adv. om

Tredinnock Ayrshires.

Imported bulls at head of herd: Glencairn 3rd, Napoleon of Auchinbrain, and Lord Dudley. Forty imported females, selected from leading Scotch herds, and their produce from above-named bulls. W. W. BALLANTYNE, Stratford, Ontario.

"Neidpath Farm" adjoins city, main line G.T.R.

PLEASE MENTION FARMER'S ADVOCATE

GOSSIP.

The opening sale of Shire horses for the year in England was held at Tring Park on Jan. 15, when a large selection from Lord Rothschild's stud was disposed of. The average for forty head was £217 14s. 10d., which was considerably higher than that realized at the last sale at Tring, and has only twice been exceeded in the annals of the breed. The sixteen brood mares made the great average of £294 6s. 6d., the highest price being 750 gs., given by Mr. R. W. Hudson, for the champion mare, Alston Rose. Another noted prize mare, The Nun, went to the Duke of Westminster at 410 gs., and the same price was paid by Mr. Kearns for Windley Blossom. Other high prices were 440 gs. for Saxon Girl (Mr. P. L. Mills), 300 gs. for Dorothy Drew (J. Blundell Maple, M. P.), 410 gs. for Royal Rose (Mr. Victor Cavendish, M. P.), 410 gs. for Victoria's Queen (Sir J. Blundell Maple, M. P.), 410 gs. for Fortress (Mr. Hamar Toogood), 410 gs. for Birdall Stately (Mr. A. Henderson, M. P.), and 350 gs. for Sunset (the Marquis of Winchester).

Mr. D. A. McFarlane, of Kelso P. O., whose farm lies in the Province of Quebec, about three miles from Carr's Crossing Station, and about eight miles from Huntingdon Station, on the G. T. R. line between Montreal and Massena Springs, is the happy owner of a herd of 25 head of imported and home-bred Ayrshire cattle that are models of their breed. Mr. McFarlane is a gentleman well versed in the breeding and family history of Ayrshire cattle, and takes particular pride in keeping his splendid herd in the pink of condition, and for a number of years back has persistently and judiciously followed the weeding-out process, till to-day his herd is thoroughly up-to-date, both from the breeder's standpoint and from milk production and dairy conformation. His present stock bull is Glenora Dairy Prince, sired by Imp. Comrade of Gallop dam Imp. Georgina 2nd. At Huntingdon and Sherbrooke Exhibitions last fall, representatives of this herd carried off the lion's share of the awards, which speaks volumes for the quality of the stock. The young things in the herd are a very even, well-ordered lot, and already show a conformation that produces record-breakers. Mr. McFarlane reports a very successful year, his sales being many and prices satisfactory. There are at present for sale two bull calves and a few heifers.

F. Martindale & Son, breeders of Shorthorn cattle, York, Ont., write: "The Advocate" is the right paper to advertise in, as we have supposed of all our Shorthorn bulls except one through its advertising columns. The following is a list of sales we have recently made: To John Miller & Son, Brougham, the red 11-months-old Nonpareil Pride. To W. C. Hambly, Rockford, one bull 16 months old. To C. W. Glasgow, Fingal, one bull 23 months old. To Hugh Bertram, Vinemount, a fine roan bull 9 months old. To C. E. Barr, Vinemount, a roan bull 7 months old that promises to make a good one. To F. A. Pratten, Naticoke, one bull two years old; and to Yule Bros., Caledonia, Ont., one bull twelve months old.

Mr. Geo. G. Stewart, whose farm lies in the outskirts of the Village of Howick, Quebec, which is Mr. Stewart's P. O. and station, has for the last 14 years been engaged in importing high-class Clydesdale stallions and mares, and to Mr. Stewart's enterprise in this connection great credit is due, as the very marked improvement in the quality of the farm and draft horses in the Province of Quebec during the last few years can to a large measure be traced directly to Mr. Stewart's importations. His last importation, which arrived last fall, but was too late to compete at the fall exhibitions, comprise four stallions, three 2-year-olds, and one 4-year-old. The 2-year-old stallion, Clymphion, Vol. 24, is sired by Golden Sovereign 10198; dam Heather Jess 4248, by Topsman 886. He is a beautiful bay, with three white feet, a large, well-built, evenly-proportioned colt, standing on perfect feet and legs, and is a great actor. He is the making of a grand animal—will weigh, when developed, considerably over a ton. Another of the 2-year-olds is the colt, Bucephalus, Vol. 24, sired by Sir Christopher 10286; dam Jean 10th of Balmanno 13766, by Prince of Carruchan 8151. He is a black colt, full of quality from the ground up, a grand animal all over; a big slashing fellow that will make a prizewinner sure. The other 2-year-old is Voyager, Vol. 24, sired by Montrose Matchless 9959; dam Black Bess, Vol. 24, by St. Stephen 9231. He is a dark brown, of perfect mould and finish; a big, lofty, clean-stepping colt that is hard to equal. The 4-year-old is Lord Gartly, Vol. 23, sired by Royal Gartly 9844; dam Fanny of Blairssnock 6155, by Lord Lennox 2967. He is a rich brown, smooth to a turn, grand natural, well-footed actor; a big, well-balanced animal. There is also the imported mare, Twilight, an ebony black, full of quality, with nice smooth action. These animals are of the kind required in this country, and were selected on account of their superior breeding and extra individuality. They are all smooth and square actors; no wing-footed actors among them. They stand on perfect feet and legs, and give promise of making horses weighing over a ton each. This, coupled with their rich breeding and perfect Clydesdale conformation, makes them very desirable animals to breed from. They are all for sale.

American Field and Hog Fence

The best product of America can skill in woven steel wire fence making. In rolls, ready to stretch and staple. The Fence of Economy. If your dealer hasn't it, write to American Steel & Wire Co., Chicago, New York, San Francisco, Denver.
