### WRITE FOR CATALOGUE.

OUR DELIVERIES are made as follows: For fall delivery, 1st of November; for spring, from 1st to 15th of May.

Parties wishing to plant out Groves, Wind-breaks and Ornamental Hedges should send in their orders at once, in order to have them filled out of our immense stock of over two million of Forest Trees and also a splendid stock of Small Fruits. All our goods are shipped collect on delivery, express charges prepaid. Farmers and others requiring trees should not hesitate to place their orders with our Company, as we have every facility for growing trees suitable for this country, our nursery being situated west of Brandon City, on northern-slope heavy soil, and we have an abundant supply of spring water for irrigation purposes, besides an unlimited supply of moss for packing purposes, which enables us to send out to our patrons goods in better shape than any other nursery doing business in this country.

**REMEMBER** we are the only nursery company in this Western Country guaranteeing our stock to grow or otherwise replacing it at Company's expense. We also send to each patron a copy of Rules and Instructions for Planting, Care and Cultivation of said plants and trees, which enables them to handle their stock in a thoroughly efficient manner.
