

DEFORMITIES CURED

CROOKED or CLUB FEET of any variety, and at any reasonable age, can be made straight, no plaster paris, no severe or painful treatment of any kind, and the result is guaranteed. **POTTS DISEASE** paralysis will always be prevented; the health and strength of the patient is at once improved; the growth not interfered with. Plaster paris is never used.

SPINAL CURVATURE even in long standing cases can be corrected by the new and improved methods in use here; plaster paris, felt or leather jackets are never employed. Names of patients recently cured, after all ordinary methods have failed to afford relief, will be furnished on application.

HIP DISEASE can be cured without surgical operations or confining the patient to bed. Abscesses, shortening deformity and loss of motion should always be prevented, and, if already present, can usually be cured. The methods used here in the cure of Hip Diseases in all its stages are radically different and more successful than those generally employed. Write for information.

PARALYSIS and RESULTING DEFORMITIES For no class of afflictions has greater preparation for successful treatment been made. Deformities of the limbs, joints, or feet, resulting from paralysis, can always be corrected without surgical operations or severe treatment. Paralysis should never be neglected; children never outgrow it; it is not incurable.

CROOKED and DISEASED KNEES Hips, Hands, Limbs and deformities resulting from Rheumatism are successfully treated without pain.

Spruce Row Barred Rocks

ARE STILL LEADING THE VAN.

Have won at the **Ontario, Guelph**, in 1905, 2nd, 4th, 6th and 8th cocks; 2nd, 9th and 10th hens; 2nd pullet, and 8 specials, showing eight old birds and getting a mention on every one.

BERTRAM CHALLENGE TROPHY 3 years in succession, 1901, 1902, 1903, for the four best birds—cock, hen, cockerel and pullet. Also the silver medal for best male and three females for three years in succession 1901, 1902, 1903, and all specials in the three years except three. This victory in the hottest competition at the Ontario Show places my stock at the head of their class in Canada.

AT TORONTO, September, 1905, 2nd cock, 2nd hen and 1st cockerel, and the Canadian Barred Plymouth Rock Club Silver Cup and bronze medal, and the American Barred Plymouth Rock Club Ribbon for best shape male.

At Toronto, birds bred and raised in Spruce Row Yards have won 1st cock three years in succession in 1902, 1903, 1904; 2nd in 1905; 1st cockerel three years in succession in 1903, 1904, 1905. The above winnings are unapproached by any other breeder in Canada.

Stock for sale. Mated trios a specialty. Eggs \$3 for 15 or \$5 for 30.

GOSSIP.

Four young Shorthorn bulls, fit for service, sired by the imported Scotch-bred bull, Magstrand, are advertised for sale by Mr. Andrew Summers, Aldershot P. O., near Hamilton, Ont., manager of the farm and herds of Wm. Hendrie, Esq.

In another column appears an illustration of a prize-winning pair of high-class harness horses, exhibited by Mrs. Adam Beck, London, Ont., at the Toronto Horse Show and the Montreal Horse Show, 1906. At the latter show, their winnings included first in the tandem class and first in the gentleman's driving class. The breeding of this pair, one a mare and one a gelding, is interesting. Both were sired by A. Yeager's noted Hackney stallion, Hillhurst Sensation, and out of a trotting-bred mare.

RHEUMATISM.—The Vite-Ore trial offer in this issue will particularly interest sufferers from rheumatism, a disease the nature of which is not well understood, but with which The Theo. Noel Co. deal in a radical manner. Look up the advertisement.

GOOD.—Prof. J. H. Grisdale, Agriculturist, Department of Agriculture, Dominion of Canada, Dominion Experimental Farms, Ottawa, writes: "For the last two months we have been using your preparation, 'Zenoleum,' for the various purposes for which it is recommended, and have found it to be a most valuable and efficacious wash for all skin diseases, for the destruction of lice, for putting the skin in first-class condition, and as a disinfectant for wounds of all descriptions, as well as a first-class general disinfectant. I feel that I can not speak too highly of its various connections, and consider it one of the very best preparations of the kind I have ever tried."

NEW CURE FOR HAY FEVER.—The latest treatment for the prevention of hay fever prescribes systematic and continued exercise taken in timely advance of the season for the appearance of the complaint. Specialists in the disease do not understand its nature. It is not now thought to be a form of catarrh, and local applications have been largely abandoned. The theory that it is rheumatism of the mucus membrane is not accepted. A more favored idea attributes the inception of hay fever to sluggishness of the liver, and bicycle riding is recommended to keep this organ in an active and healthy condition. After hay fever has arrived, the sufferer will find neither comfort or relief in bicycling, but systematic and easy wheeling during the preceding months is warranted to greatly modify the severity of an approaching attack, or to entirely prevent it.

Wool lambs sold in Chicago, May 15th, for \$7.65, and clipped lambs for \$6.45 per 100 lbs.

Our readers will notice in this issue a large advertisement of Zenoleum, which has come into quite popular use by feeders and stockmen. The advertisement sets forth its special uses as disinfectant, lice-killer and germicide for cattle. For stockmen are quoted, men whose opinions are samples of many. What they have to say is worth reading.

CAUSTIC BALSAM GIVES WONDERFUL RESULTS.

Berlin, Ont., March 22, 1904.
The Lawrence-Williams Co., Cleveland, Ohio.

I have been using several bottles of GOMBAULT'S CAUSTIC BALSAM, and found wonderful results. Kindly send me full information in regard to agency, as nearly all who once give it a trial want a bottle of it. **M. S. STROME.**

"It seems to me," says Chas. G. Gates, a rich clubman of New York, "that in the analysis of success too much credit is given to plodding, to regularity, to steadiness. While the regular, steady plodder is never idle, it is true of him that he is seldom on fire with energy and zeal."

"Plodding is very well when spurts of fiery zeal diversify it. Otherwise it is not apt to land a man among the millionaires."

Messrs. R. Mitchell & Sons, Nelson, Ont., write: "We have recently sold to Mr. J. M. Gardhouse, Weston, Ont., 12 very choice Shorthorn cows and heifers of the Strathallan, Missie, Village Girl, Stamford and Flora families, all good individuals, and in first-class condition. Among the lot was Missie Flora, of the Marr Flora family, a show cow of the highest order, and others almost her equal. They were bred to our great herd bull, Imp. Lord Rosebery. The calves from this bull are just beginning to arrive, and, judging from their present appearance, they will be top-notchers. We have some good young bulls for sale now, ready for service, having the very best of breeding, and in fine condition; some good herd headers among them."

A WELL-KNOWN BANDA MAN SPEAKS

A Well-known J. P. is Cured of Kidney Trouble of Long Standing by Dodd's Kidney Pills.

Banda, Ont., May 21st.—(Special.)—There is no one more widely known and highly respected in this section of the country than Wm. Bell, Esq., J. P., and the statement he makes below concerning his cure by Dodd's Kidney Pills bears weight and carries conviction with it.

"For more than a year I was a sufferer from kidney trouble," Mr. Bell says. "Always in pain, at times the agony would become unendurable, and I was practically unable to attend to any of my duties. I doctored with several local physicians, and tried every means to get cured, but without success. At last I was induced to give Dodd's Kidney Pills a trial. I have the greatest pleasure in stating that they drove away the pains entirely, and restored me to my old-time health and strength. I am sure I owe this entirely to Dodd's Kidney Pills."
