# Their FRUITS Shall Ye Know Them.

The branches of an education are like the branches of a tree: the fruit they bear indicates the value of the tree.

SCHOOL is judged by the success of its students. If, when they graduate, they go out into the great business world fully qualified to fill important positions, the inference is that their business training has been thorough. We point with pride to our fruit crop, shown in the record of our students now in business. The tree that bears one good crop can be depended upon to produce others, so long as it is healthy and still growing.

THE WINNIPEG BUSINESS COLLEGE,

WINNIPEG. MAN.,

has produced regular crops of good fruit for nineteen years past, and gains in strength and vigor yearly. Our students are found in the best situations in Carada and United States. In one year we placed over 200 of our students in business offices in Winnipeg and Western towns through our own offices.

Write for booklet which contains the opinion of hundreds of students regarding the training they received at the Winnipeg Business College, together with annual announcement with full particulars relative to our courses of study. ADDRESS

G. W. DONALD, SECRETARY,

#### BUSINESS COLLEGE. WINNIPEG

PRICES AS FOLLOWS: It is a scientific compound of the essential elemens that are lacking in the various fools upon which have, cattle, hags and sheep generally subsist. 7-lb sack, 65c; 12-lb sack, \$1.00; 25-lb sack, \$2.00; 50-lb sack, \$3.75: 100lb, sack. \$7.00. It produces flesh by com-pelling the system to do its best. If your dealer can't supply you, send your order to It permits no food to pass off undi-gested. Greig Mfg. Co. It wards off dis-(W. R. Rowan, MANAGER), It is called a food

for the want of a better name It is not exactly a medicine, nor a substitute for hay and grain and other foods.

It is both nutritious and curative. It is not a stimulant, but a tonic

It aids the digestion, and there-by gets most muscle and fat and milk and wool out of the various foods that the horses and hogs and cows and sheep eat.

WINNIPEG, MAN. P. O. Box 603. For the asking, we will mail you one of our %-page veter inary books which tell how to doctor your own stock. ADDRESS Dr. Hess & Clark, ASHLAND,

# **Canadian Pacific** Railway Lands....

HE CANADIAN PACIFIC RAILWAY LANDS sections along the Main Line and Branches, and in the Lake Dauphin District in Manitoba and the Saskatchewan, Battle and Red Deer River Districts in Alberta. The Railway Lands are for sale at the various agencies of the Company in Manitoba and the Northwest Territories, at the following prices:

Lands in the Province of Manitoba, average \$3.00 to \$6.00 an acre. Lands in Assiniboia, east of the 3rd meridian, average \$3.00 to \$4.00 an acre.

Lands west of the 3rd meridian, including most of the valuable lands in the Calgary District, \$3.00 per acre.

Lands in Saskatchewan, Battle and Red Deer River Districts, \$3.00 per acre.

#### TERMS OF PAYMENT.

The aggregate amount of principal and interest is divided into ten instalments, as shown in the table below; the first to be paid at the time of purchase, the remainder annually thereafter, except in the case of a settler who goes into actual residence on the land and breaks up at least one-sixteenth thereof within one year. Such settler, on evidence of residence and cultivation, is entitled to have second instalment deferred for two years from date of purchase, the remaining payments falling due annually from that time

The following table shows the amount of the annual instalments on a quarter-section of

160 acres at different prices: 160 acres at \$3.00 per acre, 1st instalment \$71,90 and nine equal instalments of \$60,00 70.00 3.50 4 00 95,85 80.00 107.85 119.8590 00 4.50 131.80 120,00 6.00

DISCOUNT FOR CASH. If land is paid for in full at time of purchase, a reduction from price will be allowed equal to ten per cent, on the amount paid in excess of the usual cash instalment.

Interest at six per cent, will be charged on overdue instalment

WINNIPEG,

Four Holstein show bulls, one 12 from Holstein show builts, one 12 from this, one 2 years, and two 7 months old. Owing to my being short of feed, will sell at a bargain.

JOHN OUGHTON. Міррькенскен,

CON. Satisfaction guaranteed.

Separates the cream, but is not a cream separator. Does not recover the "last trace." But did it never cross your mind that "the last trace" costs too much in the case of the farmer with a small herd and calves to rear, when, to obtain it, he has to buy a cream separator, costing 50 to 100 dollars! If, therefore, you have 12 cows and the money in hand, or safely in sight, to buy it, you should have a cream separator, and I will be pleased to sell you a good one. Otherwise, you will do very much better to get this apparatus, made to suit the times, and costing only a few dollars. Write me a letter or p. c., and get circular giving full description and prices.

and prices.

N. B.—Top price paid, cash on delivery, for fresh made, good colored, well flavored dairy butter in tubs or bricks. Pure parchment, to wrap bricks, at 75 cents per ream of 500 sheets. Printing same to order at 50 cents per ream in 2-ream lots. Do not make your good butter un-alable by using cheap imitation problems.

Wm. Scott, 206 Pacific Avenue (corner of Main St.), Winnipeg. (Late of R. A. Lister & Co., Ltd.)

### HOARD'S CREAMERIES' PARIS EXPOSITION BUTTER.

Among the prizewinning exhibits of American-made butter at the Paris Exposition, which were almost exclusively the product of the "ALPHA-DE LAVAL" Separators, was that of the Hoard Creameries, Fort Atkinson, Wis.

Few Creameries are more widely known than those of the Hoard concern, both by reason of the pre-eminence of "Hoard's Dairyman" as the leading dairy publication of Ameria, if not the world, as well as of the magnitude, splendid equipment as d superior ment of the output of the Hoard factories. Hence, while every big and successful creamery enterprise is to-day using De Laval Separators, what the Hoard Creameries may be doing in that regard is of interest to others with less experience.

The following letter speaks for itself:

HOARD'S CREAMERIES,

Fort Atkinson, Oct. 23, 1900.

The De Laval Separator Co.. 3I-45 W. Randolph St

Gentlemen, -Yours of Oct. 20th, in regard to our Paris medal, received. In addition to the medal awarded our butter, our Superintendent, Mr. C. L. Fitch. received a silver medal for original processes in buttermaking and apparatus and tests therefor.

and tests therefor.

The cream from which the prize butter was made came from two "Alpha" No. 1 Belt power machines and from the 20th Century Turbine "Alpha" No. 1.

We are running ten "Alpha" No. 1 Belt machines, one "Alpha" No. 1 Turbine, one "Alpha" No. 2 Belt, and own only one other separator—which we wish was an "Alpha" Turbine.

Respectfully yours, HOARD'S CREAMERIES.

While the separator does not make the butter, practically all prizewinning butter is to-day made from De Laval separated cream, and there is no question in the mind of any well-informed person that under like circumstances and equal conditions any buttermaker will make better butter from an "ALPHA-DISC" machine than is possible from the product of any other separator. A De Laval catalogue will make plain the reasons for this to anyone who may not already understand
