

A pail, with water— a brush—and a pkg. of Alabastine

are all you need to transform an ordinary-looking wall into a beautiful and artistic wall which will appeal to the most refined taste. Any one can apply Alabastine. Alabastine colors are permanent—they do not rub off. They give that artistic soft, velvety effect which can be produced only by Alabastine. It hardens with age, becoming a part of the wall. Alabastine can be re-coated without removing the old coats.

CHURCH'S COLD WATER Alabastine

Alabastined walls are now the most popular. There is nothing so charming, so sanitary, so cheap. In the modern home, Wall Paper, held on by flour paste, is now tabooed. The sales of Alabastine in Canada have doubled in the last two years.

FREE STENCILS

To still further popularize Alabastine and again double its sales, we have organized a Decorative Department, and are prepared to offer FREE COLOR SCHEMES and FREE STENCILS to all users of Alabastine. Write today for particulars—our advice is FREE. Let us help you to beautify your home at moderate cost.

The Tireless Accurate Iron Hand

You can operate the Aspinwall No. 3 Potato Planter without the assistance of another man. The Aspinwall No. 3 not only saves you the extra man's pay, but also plants one-third faster than machines requiring two men. The hand that handles the seed on the Aspinwall No. 3 is the iron hand. Unlike the human hand, it never gets tired. It drops 99 per cent. good. You can use different sizes of seed and vary the distance of planting without requiring change of pickers. No other planter can compare with it in accuracy or handle as large a range of seed.

Send for our catalog. We are largest manufacturers of potato machinery in the world, and we can give you valuable facts on profitable potato culture.
