Men, You Can Be Cured**IF YOU TAKE NATURE'S MEDICINE**

I CURE Nervousness, General Debility, Weakness of any kind, stomach, Heart, Liver or Kidney Troubles, Rheumatism, Pains in the Back and Shoulders, Sciatica, Lumbago, Indigestion, Neuralgia, Constipation, Dyspepsia, and all evidences of physical breakdown in men and women.

If you are sick and discouraged and have failed in your search for relief with no result, try my Belt. If it fails to cure you it costs you nothing. Reasonable security is all I ask. Remember my terms are

Pay When Cured

This is Dr. McLaughlin's offer to Weak Men, Rheumatics, Dyspeptics, Men with Lame Backs, Varicocele, Wasting of Vital Strength, Sciatica, Constipation, "Come and Go" Pains and to Women with Weaknesses peculiar to their sex.

The only way to cure anything is to help Nature. Drugs don't do that. Nature will cure when she has the power—electricity.

Electricity is Nature's medicine. It cures by giving strength, nourishment to the body. It removes the cause of disease by supplying to the body the force it lacks, enabling every organ to perform its work properly, and when every organ is in a healthy condition there can be no pain or sickness.

Feed electricity to your nerves. They will absorb and carry it to every organ and tissue, giving health and strength to every ailing part.

My Electric Belt is an electric body battery, applied while you sleep. It infuses a stream of electric life into the body all night long. It does not shock or blister. The only sensation is a mild, soothing glow.

You can't build success without spending a great deal of nervous energy, and you can't spend nervous energy unless you have it.

My Electric Belt is cheaper than a course of drugging.

Every man should understand that physical power, large muscles, strength and endurance, come from animal electricity. My treatment will pump every part of the body full of that, and perfection will result.

Dr. McLaughlin:

Dear Sir—I received the Belt from you a month ago, and I now write you with pleasure. I am pleased to say that the Belt is doing me a great deal of good. My back has not troubled me once since the first night I had it on. I have a good appetite, and I feel better than I have felt for several years. Thanking you for the Belt, I remain, Yours faithfully,

J. W. BUSH, 317 Pacific Avenue, Winnipeg, Man.

I will not promise to make a Hercules of a man who was never intended by Nature to be strong and sturdy. Even that man I can make better than he is; but the man who has been strong and has lost his strength, I can make as good as he ever was.

A man who is nervous, whose brain and body are weak, who sleeps badly, awakes more tired than when he went to bed, who is easily discouraged, inclined to brood over imaginary troubles, who has lost ambition and energy to tackle hard problems, lacks the animal electricity which the Dr. McLaughlin Electric Belt supplies.

The whole force of vitality in your body is dependent upon your animal electricity. When you lose that in any manner my Belt will replace it and I will cure you. Business transacted by mail or at offices only. No agents.

PLAN OF HOUSE WANTED

EDITOR FARMER'S ADVOCATE:

Have heard the cloth-front poultry house highly recommended, and would like some information regarding the same. Is it an advisable type of house to build in this country? Could you publish plan showing style and method of construction of such a house?—Mrs. E. M. S.

Ans.—Cloth-front houses are not generally used in this country, nor is their use advised by poultry experts. A. W. Foley, poultry expert for Alberta in his bulletin on poultry raising, neither commends nor condemns this style of house, merely stating that some are in use in Alberta, but data concerning them are not sufficient to base conclusive opinions on. We have had readers in Alberta as well as in Manitoba and Saskatchewan write us in commendation of the cloth-front house.

The plans published herewith are from the bulletin of the Maryland Experiment Station, and show the style of cloth front house in use at that station

in the experimental work being carried on to determine whether or not the kind of house has any influence on the fowls housed in them or of succeeding generations of birds.

The term "cloth-front house" means a house that is open during the day, but protected by a cloth curtain at night. In the front of the pen there is one window 3 x 6 feet and an opening 6 x 6 feet. The bottom of the opening is 2 feet 6 inches from the floor, and extends close up to the eaves. A wooden frame covered with unbleached sheeting, is fitted to the opening. This curtain is hinged at the top, and swings in when open. The window is stationary, and is used as a source of light when the curtain is down.

The part of the pen which is taken up by the hooded roost is sealed on the inside of the studs and rafters, making a 4-inch dead-air space around the ends, back and ceiling of the roost. The front of the roost is covered with a cloth curtain, which is hinged at the top, and hooded to the rafters when not in use. This curtain does not fit tight against the floor of the roost, but is left open about 2 inches for ventilating purposes.

Billious Headache

COMES FROM LIVER DERANGEMENTS WHICH ARE THOROUGHLY OVERCOME BY

Dr. Chase's Kidney-Liver Pills

Headache is said to be the most useful pain in the world. It is a sort of fire alarm that warns you of something wrong with some organ of the body.

Most frequently the trouble is indigestion and torpid liver, and the pain arises from the poisoned blood passing through the arteries of the brain and head.

There is no cure for bilious headache, torpid liver and indigestion that can be compared to Dr. Chase's Kidney and Liver Pills for prompt and certain results. This has been proven by so many thousands of letters published from time to time that everybody should know it by this time.

Mr. Fred Hinz, Bradhagen, Perth Co., Ont., writes: "I don't like to have my name in the papers, but feel out of justice to suffering humanity I should tell others of the good I obtained from Dr. Chase's Kidney and Liver Pills and Ointment."

"For years I was troubled a great deal with sick headaches and was often so bad that I could not work. Being advised to try Dr. Chase's Kidney and Liver Pills I did so and can say they have brought about a complete cure. From the first I found that one pill cured my headache quickly every time. I was also a victim of itching piles and found Dr. Chase's Ointment the most satisfactory treatment I ever used. It brought relief almost instantly."

You won't be satisfied with mere temporary relief when you know your headache can be completely cured by using Dr. Chase's Kidney and Liver Pills. One pill a dose, 25 cents a box, all dealers; or Edmanson, Bates & Co., Toronto.

B. C. POULTRY BULLETIN

The department of agriculture for British Columbia publish an instructive bulletin on egg production, written by M. A. Jull, provincial poultry expert. The bulletin discusses eggs and the foods required to produce them, and contains some valuable notes on the various grains and other poultry foods. Poultry raisers in British Columbia should procure this work. It is for free distribution, and may be obtained by addressing the department of agriculture, Victoria, B. C.
