

The beverage of untold centuries—  
is of the same matchless quality  
to-day as a thousand years ago. It  
cannot be improved. The Government  
of Japan guarantees the purity of Japan  
Tea. Its use by Canada's tea drinkers  
testifies as to its quality.

*"The salts of tea reduce the  
amount of solid food ne-  
cessary and maintain the  
vigor."*

—Dr. Williams, Yale.
