

# TWO SLAIN BY BULLET; THIRD HURT

### Firing at T. Can. Accident Causes Gun to "Go Off" in Mistake

#### LAD HIT IN HEART

Another struck in head and dies today—boy wounded in the arm

MONTREAL, March 28.—Ferdinand and Gravel, wounded yesterday at Cartierville, when the rifle bullet lodged in his forehead died here today. The bullet which killed Gravel had previously killed Leopold Valliquette, and after slightly wounding Felix Dumont in the arm, lodged in Gravel's head.

The victims were watching Arthur Hotte and some other men shooting at a tin can on a fence post. Hotte's brother, Napoleon, had attempted to take the gun from his brother when it went off; the bullet narrowly missing him. It struck Leopold Valliquette, aged 11, in the head, and came out through his shoulder, passed through the arm of Felix Dumont and finally lodged itself in the forehead of Ferdinand Gravel, aged 48, of Ste. Dorothee.

#### BELOW ZERO AT EASTER

Winnipeg, March 28.—Below zero temperature, with a strong north-west wind, prevailed here all day, and was not conducive to Easter display. There was no loitering and winter garments were in high favor.

## Union Service on Good Friday

"There are a great many problems connected with the Cross very difficult to solve," said the Rev. W. Harris Wallace, who delivered the Good Friday address at the union service at Bridge Street Methodist Church yesterday. "But we have not the slightest doubt that the sacrifice was the highest manifestation of love—that Christ died to save man from sin."

"To appreciate the significance of Good Friday," the preacher continued, "we must identify ourselves with Christ." Losing ourselves in Him, we solve many difficulties. One third of all the Gospels is taken up with the death of Christ. It was for this purpose He came to the world.

"We know what it means to have gone astray, when we feel the face of God removed from us, for our sins. Then we can have a faint conception of the feelings that filled the Christ when the Father hid His face from Him, who had seemed not but was ordained to die for His love for mankind."

"We still have today the great fact of sin and we have the propitiation of that sin. Christ's death meant not only salvation in the life beyond but a life free from sin here below."

Rev. Dr. Cleaver presided. Rev. A. St. Kerr and Rev. A. H. Foster assisted in the service. Mrs. McKinnon sang.

## Voters List Appeals Begin To Come In

Appeals to have names added to the voters' lists for the forthcoming referendum vote began to come in this morning. The filing of these appeals was not very active this morning. It is anticipated, however that there will be a considerable number of names to be added.

## Two Found Guilty As Chicken Thieves

Julian Samuels and Max Marcovitch were on Saturday afternoon found guilty by Judge Derocche of the theft of poultry a few Sundays ago. Samuels was given a suspended sentence and Marcovitch will do two months in jail.

#### TO BE BURIED HERE

## LAW AS A PROFESSION LAUDED BY MAJOR PONTON

A very interesting and helpful lecture was given on Monday, March 21, in Belleville High School Assembly Hall to the pupils of the Upper, Middle, and Senior Commercial Form on Law, by Major R. D. Ponton, a well-known lawyer of this city.

Major Ponton opened his speech by saying that Law is the foundation of all human activity, it is the accomplishment of Justice and Justice is the result of Law.

Out of the seven ladies who have passed the Law Examinations, in Ontario, three of them were from this city. We have two lady lawyers, graduates of the Belleville High School.

What is Law? Law is the foundation of all society. All laws are inventions of men or gifts from heaven. Law is a moral science. Lawyers are persons learned in the profession of Law.

First, a Lawyer's information must be as universal as the range of human inquiry. His intelligence must have no limits save that of the human mind. He needs large learning and vigorous common sense. His duties are wide and various. He may have twenty-four cases at once and they will be all different. The lawyer, to-day is in the Criminal Courts, tomorrow he is in the Civil Courts, the next day he is in the Court of Probate, or in a Court where a man's friends and people try to prove him incapable of taking care of his own property, that is, what we call a will. Law is not monotonous. Every case is different, every time you are asked to give your opinion the circumstances of each case are different.

The wide influence of the lawyer is different from that of any other business man except perhaps a minister. Law is not monotonous. Every case is different, every time you are asked to give your opinion the circumstances of each case are different.

To one some professions are distasteful and to another a work of love. Pursuits that are distasteful are never profitable. If you dislike Law, you will never be successful in it, no matter if at first you appear to be successful. It must be a pursuit of Love.

When you are deciding what profession you will follow, do not think of it as—what I wish to be, but what am I qualified to become? Two qualifications are necessary, clear and quick perceptions, being quick to perceive the circumstances of the case. Perception, judgment, and imagination are necessary, therefore the Fair Sex, having more of the last named quality make a success of the profession.

Lawyers are not governed by Parliament. They are governed by what is known as the Benchers of the Law Society of Upper Canada. This Society controls and disciplines all persons in the Law profession. There has not been up to the present time any written code of Ethics for Law.

There are different kinds of Laws, there is the Law of Property, Personal Rights, the Law between nations—or International Law, the Law regarding Wills, the Common Law, Equity, Jurisprudence and the most interesting and important is the Criminal Law.

A public or Crown Prosecutor must not withhold anything that would prove the innocence or guilt of the man. He must put forth the best of his ability to see that Justice is given to the person accused.

In going through for Law you must either spend three years in a University, and two years in a Practitioner's office and three years at Osgoode Hall or secure Senior Matriculation standing, then spend five years in a Practitioner's office and three years at Osgoode Hall. The fees are for the first year \$150 and after that \$100 a year. The salary, while articled in a Solicitor's office, is about \$2 a week here, whilst in England the student pays \$25 a year to the Practitioner.

Successful business men keep a close eye on the expenditure rather than on the receipts. The annual Law fee, for the privilege of practicing in Ontario, is \$40 a year, which a lawyer pays to the Law Society of Ontario.

## GREEK ARMY PRESSING ON AS FOE RUNS

### Take Important Railway Junction and Large Quantity of Material

#### TURKS IN FLIGHT

##### Smyrna Despatch Credits Big Victory to Men of Constantine's Army

ATHENS, March 28.—Aflun Karahissar, an important railway junction, south of Eski-Shehr, has been taken by the Greek forces from the Turkish Nationalists, says a Smyrna despatch. Many prisoners and large quantities of war material have been captured. The despatch declares, and the Turks are fleeing towards Kutaya, fifty miles north-west. An official statement giving details of Saturday's fighting says that the army east of Smyrna occupied the line running through Chesne, Chahabal and Balmachid and pursued the Turks to within approximately four miles of Aflun Karahissar where the attack halted for the night.

## HALLOWAY

On Monday evening March 14th, a number of friends and neighbours gathered at the home of Mr. and Mrs. Emerson to spend a social evening with them previous to their departure for their new home at Giffard. During the evening the following address was read after which Mr. Emerson and Walter made very suitable replies.

Halloway, March 14th 1921. To Mr. and Mrs. Emerson and Walter:

The tide of time flows onward to Eternity and with it come occasions such as this, a landmark in our lives which we regret for although we find it a pleasure to spend an evening with you in your home, that pleasure is marred by the fact that you are about to leave our vicinity. We have taken this opportunity of expressing our appreciation of your many excellent qualities. Always have you answered both church and social calls by freely rendering your time and financial assistance and may these qualities find full development in your new associations. As a kind neighbour we have found you always ready to help a brother, and Walter, your faithful attendance and generous donations to the church will be greatly missed. Yet we know that what we lose by your departure will be the gain of another community. As a slight remembrance and token of our interest in you, we would ask you, Mr. and Mrs. Emerson, to accept this chair, and Walter, this shaving set in the kindly spirit in which it was given.

We trust your lives may be spared many prosperous, happy years and may God direct your path and his richest blessing follow you throughout the journey of life.

(Sgd.) on behalf of the Community  
P. Ketcheson,  
A. Lloyd.

## CALL OF CROSS HAS BIG APPEAL

### Easter Sunday Services in the Churches Here Sees Big Congregations

#### MUSIC A FEATURE

##### In Spite of Inclement Weather Crowds Turn out to Worship

Easter Sunday with its messages of hope and immortality, its music and its flowers, was observed by the churches of Belleville yesterday. In spite of untoward weather conditions the congregations were large.

Victoria Ave. Baptist.  
The Easter services at Victoria Avenue Baptist Church were very well attended, both morning and evening, especially the baptismal service—symbolizing the Easter message, Death, Burial, Resurrection—when two young men put on Christ in baptism. The pastor, Rev. W. H. Wallace, preached in the morning on "Risen with Christ," and in the evening on "Proof of the Resurrection." Splendid music was rendered by the choir under direction of Mr. Edwin Newsome. There were an anthem and a duet in the morning, (the latter taken by Mrs. Donittle and Miss Butler) and in the evening the anthem "The Strife is O'er" was sung with great feeling and inspiration. A fine quartette was rendered preceding the baptismal service.

St. Thomas' Church  
Three services of the Holy Communion were held at St. Thomas' Church on Sunday morning. The eleven o'clock service being fully choral and sung to Prof. Wheatley's setting. Three hundred and twenty-three people received the Holy Communion out of the five hundred and two who attended the celebration. In the afternoon the children presented their Lenten music boxes containing a total of over \$31.00. In the evening the rector, Ven. Archdeacon Beamish delivered an address on "Jesus Who Brought Life and Immortality to Light." Easter carols and anthems were sung. The collections of the day totalled over \$400.

St. Michael's.  
The spirit of Easter was emphasized in the services of St. Michael's Church on Sunday. At High Mass, "The Mass of St. Louis," by La Hache was sung under the direction of Miss Dorothy Grant, organist and choir leader. The solos in the mass were sung by Miss Jenkins.

## OPEN LIBRARIES SUNDAY, HOLIDAY

### Toronto Delegate to Meeting There Makes This Suggestion

TORONTO, March 28.—Gratification over the new public libraries act which will mean largely increased revenue from municipalities for library support and in consequence greatly increase appropriation for books and better salaries for librarians, was the keynote of the opening session this afternoon of the Ontario library association. Reviewing the library situation in Canada and the United States, and in Great Britain and a number of European countries, Dr. E. A. Hardy, Secretary-Treasurer, referring to the new act said that the new method of raising revenue by municipal grants namely: Fifty cents per capita tax will mean in some cases double the past municipal grants.

Mrs. Becker, Toronto, advocated the opening of libraries on Sundays and holidays.

Word was received this morning from Ormsby of the death of Warner, 18 months old son of Mr. and Mrs. T. F. Brenton, formerly of Belleville.

John St. Presbyterian.  
The sacrament of the Lord's Supper was administered to a large number at Easter morning service at John St. Church. The evening service was marked by Easter music. The Rev. D. C. Ramsay officiating. The choir led the Easter music and Mr. Anglin sang Granier's "Hosanna."

St. Andrew's Presbyterian.  
St. Andrew's congregations were very large for the Easter services yesterday. The music, under the direction of Miss Lobb, was no small part of the services. In the afternoon at the Sunday school, a number of slides showing religious education in Honan, China, were given. The Rev. A. S. Kerr preached at both services.

Bethel Hall.  
The Easter theme was the subject of an address by Mr. F. G. Lockett, of Kingston, a former resident of Belleville last evening at Bethel Hall.

Holloway St. Methodist.  
Special services marked Easter at Holloway Street. The pastor spoke on "Easter themes. The anthems were festival in character and the Easter cantata, "Cross and Crown" was sung, Miss Walter and Mr. Schryver taking the solo parts.

Tabernacle Methodist.  
Festal music and special Easter messages by the Rev. W. Elliott were the features of the observation of Easter at the Tabernacle Church. The anthems under the direction of Mrs. Grant, choir leader, were much appreciated. They were "The Dawn of a Beautiful Day," "Christ, the Lord is Risen Today," "Now is Christ Risen" and "Jerusalem."
