and argue and in general to stir up the very feelings which with great sanctimoniousness and unctuousness, it has been alleged should not be aroused. The Grits in this riding are also ready and anxious to do the same thing, and would be right in the stirring-up game themselves if they could find a man to carry the party banner. Meanwhile both constituencies have been flooded with party campaign literature from headquarters.

So much for Liberal professions and Liberal practice in this matter the Dominion over.

Mr. John Harold, personally, bears a good name in the community n which he resides, but it is to be regretted that he should have lent himself at this time to party turmoil. The Conservatives of the riding on the other hand have not thought of holding a convention. It is a surety when they do, Mr. J. H. Fisher, M. P., will again be the candidate, and his success is unquestioned. In 1911 he defeated the late Hon. Mr. Paterson, one of the strongest and best known of the Liberal stalwarts and his hold on the constituencey has since been deservedly strengthened. At Ottawa he has also taken a very high place in government ranks, and, in fact, wherever he goes it is the same story of the respect and high regard of all with whom he comes in contact. His friends, and they are legion, have no doubt whatever that he will retain the seat and that, too, by a largely increased majority.

A UNITED STATES VIEW. The Detroit Free Press is one of the papers across the border which has kept a very cool head in its comments upon the progress of the war, and for this reason the Courier reproduces the following leading editorial from that paper.

"The early successes of the Germans indicated superior readiness in mobilization and a careful and clever scheme of operations with capacity for striking a powerful initial blow, but the present successes revea! in addition an immense staying power and a resource of men and supplies and inventive ability which was gen-erally unsuspected last autumn. The Germans are putting up a great fight; this must be acknowledged both by friends and foes. At times their efficiency and their ability to develop new engines of offense to meet special emergencies seem almost uncanny. But this dos not mean that the Ger

## are Assured in **Perfect Fitting** Corsets

For a long time we have felt that it was absolutely necessary to the department to have an expert corsetiere, as most ladieswould feel more confident in their purchase. Consequently Miss Limburg, who has charge of the Corset Department, has been undergoing tuition to enable her to graduate for this most important position, and left vesterday to go through her final examination, and will return to this store as an expert corsetiere, which, we feel sure, will be most gratifying to the ladies of Brantford and vicinity.

Miss Limburg will be pleased to give any lady her advice on corsets at any time, and no charge will be made for fitting any corsets. Further, we guarantee to our many patrons that all fittings will be perfect. Miss Limburg will not return to the store until next Saturday.
