GIRLS! MAKE A BEAUTY LOTION WITH LEMONS

At the cost of a small jar of otlinary cold cream one can prepare a full quarter pint of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should taken to strain the juice through a fine cloth so no lemon pulp gets in then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as sallowness, freckles and tan; and is the deal skin softener, smoothener and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and nake up a quarter pint of sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It naturally should help to soften, freshen, bleach and bring out the roses and beauty of any skin. It is wonderful to smoot en rough, red hands.

Are you giving aid and comfort to the enemy?

Any householder in your neighborhood who has a garden plot, or who owns a piece of suitable vacant land that is not being put under cultivation in order to increase food production, is (though he or she may not believe it) giving aid and comfort to the enemy in restraining food production, as really as is the Submarine Commander who sinks an Allied ship laden with food.

The difference is only one of degree, not of kind.

Look around you! Look around you!

If you have not yet decided to plant a vegetable garden make up your mind to do so now. You will not regret it. There is still lots of time. Potatoes and beans may be planted up to June 1st and these are the best substitutes for wheat and meat.

For good, practical advice upon how to lay out and cultivate a Vegetable Garden, write for a free copy of the booklet entitled: "A Vegetable Garden for Every Home." This has been prepared by the Ontario Department of Agriculture for the guidance of citizens who will respond to this call for increased production.
