SILLIKERS NOTES

Sillikers, May 12—Owing to the cold weather the drives on the northwest river are not coming on very well, as the water is quite low. It has risen some this week.

The Ladies Missionary Aid Society, which should have held its meet-

ing this week, has postponed it till next week owing to unfavorable weather.

Mrs. William Matthews spent Wednesday as the guest of Mrs. Leroy White.

Congratulations to Mr. and Mrs. Jacob Silliker on the arrival of a son.

FLEET FOOT Shoes on the Farm

For work and play—in the middle of the day—and when on pleasure bent.

For field, farm and wagon, wear Fleet Foot Shoes. They are far cheaper than leather—light, easy, comfortable—long wearing. For every-day wear, you will find them immeasurably better than hot, heavy, expensive leather boots.

When you're out for a good time, wear WHITE "Fleet Foot" Shoes. In fact, you must wear White Shoes this summer, to be well dressed. Dealers everywhere have "Fleet Foot" Shoes, in all styles for men, women and children.

Russia Prospers

During the first eight months of Prohibition in Russia the Savings Banks reports show savings increased 5,000 per cent. (net).

Help to Enforce Prohibition

Permanent Prohibition in New Brunswick demands strict enforcement between now and the day when Prohibition may again be voted upon after the war. The whole task of enforcement must not be left to the officers of the law alone. Everyone should help. Eternal vigilance is the watchword.

ESCUMINAC

Escuminac, May 15—Mr. George McIntyre of Loggieville, is here on a visit to his sister, Miss Sarah McIntyre who is dangerously ill.

Mrs. Luther Lewis is yet confined to her bed.

Bad Weather Hinders Lobster Fishing

The stormy weather has prevented the lobster fishermen from their work. Some of the boats have most of their lobster traps out, but owing to the stormy weather and heavy sea it has been impossible to get to their traps this last week. Two of the boats at W. S. Loggie's factories filled with the heavy sea while lying to anchor. One of them got broke considerably but has been repaired.

Muskies Go To Sea

Something strange is to find the muskrat out on the high seas. While the fishermen were running their set-lines, muskrats climbed on the spar buoys used for marks on either end of the set lines and some of them made for the boats and tried to get aboard. One of the boats owned by T. H. Smith and manned by Christopher Loiseux and Lesley Lewis helped one of the fur bearing animals aboard the boat and while Lesley Lewis was carrying it ashore it turned around and gave him a bad bite on the thumb, which caused him great pain for a few days.

Herring Are Scarce

The spring herring are very scarce as yet, the fishermen are not getting enough to bait their traps.

Lobsters but no Herring on Island

There was an Island schooner arrived here last week searching for a load of herring for lobster bait and the captain claimed there has been none taken about the Island coast, but he says the lobsters are plentiful.

Bought Fine Horse

Mr. Gregory McRae arrived from Chatham on Saturday last where he went and bought a fine farm horse.

Farming is Backward

The farmers have not as yet planted any seed and they are in doubt if they will be able to sow any wheat at all, for if this weather continues this week then it will be a chance if the grain will ripen. The roads are scandalously bad from the storm and hardly passable.

place spent a day at the home of the late Mrs. George Tozer, giving the children some much needed help with their sewing.

Miss Lorna Mutch who has been spending a few weeks with Mrs. Wm. Hare, has returned home.

Mrs. Stewart is spending a few weeks with her daughter, Mrs. De Witt Silliker.

Mrs. Hazel Tozer spent Tuesday as the guest of Mrs. Frank Matchett. Messrs. Vernon and Hubert Tozer have gone to Campbellton to spend the summer.

Misses Marjorie Matthews and Mary Johnston spent Monday evening with Miss Muriel Tozer. The Hopewell Mission Band held their mite-box opening on Sunday.

BOLESTOWN

Bolestown, May 15—The weather still continues cold and rainy, and the farmers are unable to get in much crop.

We are very sorry to lose such a fine family as Joshua McNabb from our community. They have been great church workers and taken an active interest in all the business affairs of the community.

On Wednesday evening the Sunday School Scholars gathered at the Methodist parsonage and had a farewell party for Miss Myra McNabb, who has been a teacher in the Sunday school for a few years. She was presented with a jewel case from her scholars. She will be much missed in the community.

Mrs. Frank Dunsmore from Napa-doggan was in town on Saturday, and was the guest of her sister, Mrs. Hedleigh McCloskey.

Mr. Wm. Brown drove to his home in Bloomfield on Sunday.

Mr. and Mrs. R. Alex. Norrad were in town on Saturday.

Miss Gladys Hanley of Penniac is spending a few days with Mrs. Wm. Macdonald at Bloomfield.

Mr. and Mrs. Roy Ross of Holtville were guests of this city on Monday.

Mrs. Willard Norrad and daughter Zola are visiting at Mr. Harry Norrad's.

Mrs. Susan Calhoun is very ill at the home of her daughter, Mrs. Alvin H. Munn and little hopes are held for her recovery.

Misses Annamay Norrad and Violet Davis drove to Bloomfield on Wednesday evening.

Mrs. Frederick Fairley is very ill at her home.

Miss Carrie Ferguson was making a few calls last week.

Miss Alberta McKay who has been spending a few months at Taymouth has returned home.

Mr. James Scott of Fredericton was in town on Monday. He and William MacMillan visited some of the rural districts on business.

Miss Nellie Cass is spending a few days with Mrs. Sandy Palmer.

Mrs. Clafce Young and son Macchar, were the guests of Mrs. Harry Norrad on Sunday.

Mrs. Bert Carson and Mrs. Willis Norrad were the guests of Mrs. John Clowater last week.

St. Vitus Dance

Even the Most Severe Cases Can be Cured by Dr. Williams' Pink Pills.

Is your child fidgety, restless, or irritable? Are the hands shaky or the arms jerky? Does the face twitch? Do the legs tremble or drag? There are signs of St. Vitus Dance, a nervous disease which is confined chiefly to young children, but which often affects highly-strung women, and sometimes men. St. Vitus Dance is caused by disordered nerves, due to poor blood, and is always cured by the use of Dr. Williams' Pink Pills which fill the veins with new, rich red blood, strengthening the nerves, and thus drawing out the disease. Here is proof:—Mrs. John A. Cumming, Lower Caledonia, N. S., says:—"When my daughter Myrtle was about nine years of age she became afflicted with St. Vitus Dance. The trouble ultimately became so bad that she could not hold anything in her hands, and had to be fed like a child. She could not even walk across the floor without help. She was treated for some time by a physician, but did not show any improvement. One day a neighbor said she had read of a case of St. Vitus Dance cured by Dr. Williams' Pink Pills, and we decided to give this medicine a trial. By the time the third box was used there was some improvement in her condition, and we continued giving her the pills for about a month longer when she was entirely cured, and has not since had the least return of the trouble. Dr. Williams' Pink Pills can be obtained from any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont. (adv.)

ONLY 76 PER CENT. ACCEPTED

According to a report tabled in the commons at Ottawa on May 7, seven per cent. of the men who enlisted in Canada and who were accepted and trained were afterwards discharged, before going overseas at all, as being medically unfit. Out of 407,221 reported as having enlisted up to March 31st last, 29,658 were discharged in Canada as medically unfit. The total number who have been discharged as medically unfit including those who were discharged after being wounded overseas, is given as 43,063. The number of men who returned from overseas and were then discharged in Canada as medically unfit, including those whose disability was due to, or aggravated by, military service, is 1,418. During 1916 the total number of those offering for enlistment was 245,851, and of these 198,342 recruits were accepted. The percentage accepted for all of Canada was seventy-six and percentage of rejections twenty-four per cent.

Always the Same

"Beaver" Flour is as uniform in quality as a minted five dollar gold piece.

Its proportions are as accurately fixed, and as scientifically determined.

The wheats used in milling "Beaver" Flour are analyzed—and the percentages of gluten, starch etc. are found by chemical tests.

We know—

from years and years of experience—just how much western spring wheat to add to the choicest Ontario winter wheat—to obtain the desired strength.

BEAVER FLOUR

Equally good for Bread and Pastry.

Milled of Blended Wheat.

This is why "Beaver" Flour always gives good results—why it requires less shortening—why everything you make with it has a flavour that you cannot get with western spring wheat flours. Try "Beaver" Flour yourself for both Pastry and Bread—you'll find it equally good for either, and best for both. Remember, to insist on having "Beaver" Flour—the original blended wheat flour.

ALBERT BROWN RETURNS TO NEWCASTLE IN "A LITTLE BIT OF FLUFF"

The success of the Canadian tours of the brilliant comedian, Albert Brown during the past two years has encouraged that actor to formulate still more ambitious plans for the future. During that period he has acted entirely in Canada, despite the fact that he has had several alluring offers to return to Broadway. He has of late been reaping the harvest of his foresight as one of the first actor-managers to realize that this country was ripe for something better than the slipshod productions by third rate companies which until a few years ago were considered good enough for the smaller Canadian towns and cities. He announces that in future he will continue to make Canada his producing field presenting to our public the best successes of the London stage.

His latest production in which he will be seen here, very shortly was secured in pursuance of this policy. It is the phenomenally successful farce which has been running for upwards of twenty months at Sir Charles Wyndham's historic home of comedy, the Criterion Theatre, London. Many as have been the celebrated pieces produced there during the past forty years, the run of "A Little Bit of Fluff" has never been approached in its box office. Mr. Brown presents this farce precisely as it is done in Great Britain with scenery, gowns and furnishings that were sent direct from London for the purpose. In the Canadian west and in the cities of central Canada it has already duplicated the success it has won in England and other parts of the Empire. No less than eight companies are presenting it at the present time in various parts of the world, but it is extremely doubtful if any one of the productions elsewhere enlists the services of so gifted an actor as Mr. Brown. In it he plays a type of character entirely different from any he has previously played in this country. Since the tours of Martin Harvey and Lawrence Irving a few years ago, no such complete London production has been routed through Canada. Mr. Brown expresses the hope that it will be but one of many notable productions that he will bring to this country during the next few years. The support he has so far won from audiences in every part of Canada warrant him in the belief that our playgoers are ready to support clean and refined dramatic entertainment.

PRICES STILL RISING

Wholesalers report an advance of ninety cents in the price of flour. Quotations have been cancelled by most of the millers doing business in the Dominion. The prevailing price is \$14.90 for Manitoba and \$16.75 for Ontario brands.

Rice advanced \$2.00 in price during the week, while peas went up \$1 per bag. Cornmeal advanced twenty-five cents per bag, while pork and lard showed a slight increase. Oats advanced ten cents.

There is some consolation for the householder in the fact that the price of eggs fell off two cents per dozen by the case, while Turkey—a rather expensive luxury—was reduced in price by five cents per pound.

RUSSIAN DUMA SEEKS COALITION
The Russian Duma, controlled by what in this country would be called the Liberal Party, seeks a coalition with the Workmen's and Soldiers' Organizations, which are largely Socialist. A strong position of the latter parties are opposed.

SUPERIORITY

Considering power, mechanical details, luxury, comfort, first cost and maintenance cost—the Studebaker is supreme.

Here are some of the characteristics that have established Studebaker as the undisputed leader of all Canadian-made automobiles:

3 1/2 x 5 inch bore and stroke Motor—powerful, silent and economical in operation.

Full-floating Rear Axle—full equipment of Timken bearings.

Long, easy-riding Springs—semi-elliptic in front, 1/4 elliptic in rear.

Studebaker-Wagner Electrical System—simple, reliable, never-failing.

Individual, form-fitting front seats—with seat next to driver's reversible.

Armchair auxiliary seats that disappear under tonneau seat when not in use.

Beautiful and distinctive gun-metal finish—dignified and conservative body lines.

Genuine, semi-glassed leather upholstery—not only genuine, but highest grade.
