

LOCAL AND OTHER ITEMS.

The Colon is laid up in Halifax.

The Reverend Stephen Clayton has returned to the City.

William Walsh, Esq. left for England on Friday last.

When may we expect to receive the City Accounts for 1884.

Dr. Norman E. McKay, late of Charlottetown, has entered into a partnership with Dr. Farrel, of Halifax.

The Northern Light was detained yesterday, and the mails did not arrive in the City until 2 o'clock this morning.

The regular monthly meeting of the Benevolent Irish Society, will be held in their Hall, Prince Street, on Saturday evening next at 8 o'clock.

A suit has been instituted by a depositor against the Directors of the amount deposited thereon.

Mr. Rev. F. J. McDonald, of Narrows Creek, whose horse ran away some time ago, and severely injured him, is, we are glad to say, speedily recovering.

That notorious young vagrant, Andy Brown, conducted a very successful dog fight under our office window this afternoon. We recommend his case to the attention of the Stipendiary Magistrate.

Last Friday Mr. Angus McKean, of Springfield, Lot 67, had one of his legs badly broken. The boards slipped off a sleigh which he was driving, and having only one arm, he was unable to save himself from accident.

A Children's Christmas Festival was held at Georgetown last week, after the pattern of that in Summerside the week before. A large number of children were entertained at tea, and afterwards presented with gifts and a very pleasant time was spent.

A Correspondent of the Halifax Herald writing from Port Hawkesburg says: "The schooner Brilliant, Deagle, Grand River, P. E. I., for Halifax, was detained and seized here on December 16th by Collector Marshall Boustin, in formation having been given that the Brilliant had been smuggling."

Last Wednesday we referred to a rumor that a man had been drowned on the previous night off "Conroy's" wharf. The most careful enquiries made since then elicit nothing tending to confirm that report. No man is missing from West River side, and it is now believed that no such accident occurred.

New Year's Day passed off quietly. The weather was unfavorable for visiting, and consequently the New Year calls were few. The only exception of any account was that of the "mammoth" who, dressed in grotesque costumes, drove through the principal streets, creating lots of fun. "Scott Act" flowed freely, but no more serious consequences ensued than a brisk demand for pennies which was met by the next morning for those that their hats had shrunk considerably during the night.

As is usually the case on the last night of the Old Year, a good many of the boys roved to have a good time. In various ways they disposed themselves, but occasionally through the night, a few rascally ones were kept busy our energetic and watchful police force. One of the boys, however, proved too sharp for his captor who, having slipped the bracelets on, thought he had him sure, but at a handsome spot, the young gamer took to his heels, carrying the bracelets with him and at latest accounts is still missing.

In addition to the calendars for 1885, which we have already acknowledged, we have since received others from Mr. Newbury, Agent of Imperial Fire and Hartford Insurance Co.; from Mr. H. Hazard, Agent for Western Fire and Marine Assurance Co.; from the New York Sun, from the Montreal Gazette, from the Halifax Herald, from the Summerside Journal, from Mr. E. W. Doyle, Printer, Boston; from Barber & Ellis, Wholesale Stationers, Toronto; from John Andrew MacDonald, Esq., of the firm of Barclay & Co., Boston, and from J. H. Osgood & Co., Boston.

Two large meetings of the electors of Queen's County, resident on the north side of the Island, have recently been held at Stanley. Resolutions were passed which the extension of the Cape Tynes Branch Railway to New London Harbor—demanding the expenditure of a sum upon branch railways commensurate with the loss at present sustained by the imperfect means of winter communication—asking for the establishment of a Money Order Office—praying for repairs to New London Breakwater, and the completion of the dam at Campbellton Island, and requesting the representatives to urge upon the Government the propriety of the Island being represented in the Cabinet. Dr. Jenkins was present, and the several resolutions having been placed in his hands, he promised the meeting to use his best efforts with the Government to obtain for them what they desire.

The examination of the above school took place on Wednesday, the 31st ult. in the presence of a number of parents and visitors. The children were examined in nearly all the branches, and the manner in which they acquitted themselves was highly satisfactory, and reflected much credit on the teacher. After the examination the three prizes, so kindly presented by Hon. D. Ferguson, were awarded to the following: Sarah Beery, best Reader; Eben Cameron, best in Grammar; Cyrus Mellett, best in Arithmetic. Prizes to be competed for at the June examination are offered by Messrs. John Cameron, James Dixon, and Richard Burke. The following are the names of the pupils who rank highest in Grade VI.—

CONSUMPTION!

FRASER'S Emulsion of Cod Liver Oil

is now looked upon by the leading Physicians of Prince County as A STANDARD REMEDY

IN THE TREATMENT OF COUGHS, COLDS, CONSUMPTION, BRONCHITIS, ASTHMA, NERVOUS PROSTRATION, SCROFULOUS AFFECTIONS, Wasting Diseases of Children, &c.

It contains 65 per cent. of Pure Cod Liver Oil, the taste and smell of which is so thoroughly disguised, that the youngest children not only take it readily, but look eagerly for more. The following extract from one of many testimonials received, speaks for itself.

"My little daughter, six years old, was so run down by a long continued attack of whooping cough, that our family doctor and she would not live through the week. I thought I would try your Emulsion of Cod Liver Oil, and went to Summerside to get it. After the first dose the cough began to leave her, and inside of a fortnight she was as well as ever again, having gained seven pounds in weight during that time. Your Emulsion is without doubt the best medicine of the kind we ever had in the house."

Cheaper than any other Emulsion made, only 90 cents per pint.

International & Colonial Exhibitions.

Antwerp in 1885—London in 1886.

It is the intention to have a Canadian representation at the INTERNATIONAL EXHIBITION at Antwerp, commencing in May, 1886, and also at the COLONIAL AND INDIAN EXHIBITION in London in 1886.

The Government will defray the cost of freight in conveying Canadian Exhibitions to Antwerp, and from Antwerp to London, and also of returning them to Canada in the event of their not being sold.

All Exhibits for Antwerp should be ready for shipment not later than the first week in March next.

These Exhibitions, it is believed, will afford favorable opportunity for making known the natural capabilities, and manufacturing and industrial progress of the Dominion.

Circulars and forms containing more particular information may be obtained to letter, post paid, addressed to the Department of Agriculture, Ottawa.
