We cater to the men's trade, and no other. If you were sick you wouldn't call to see a Tailor, or a Blacksmith, about the condition of your health. Of course not; you would call to see a Doctor.

If you wanted a Suit or an Overcoat would you go to see a Doctor, or a Shoemaker? Not at all. You would go to see a First Class Tailor.

Now the Prices you've been waiting for are here

The old year took away, for ever, we hope, the old burden of war prices. For months conditions have been working toward the great climax that brought the remarkable merchandise that is here assembled for this our greatest January Carnival of Economy.

The results came in two ways: 1st. The drastic lowering of prices on our own stocks, down to the new low basis, and often far below it—to double your interest in January buying in our store.

2nd. We have combed the markets—taking utmost advantage of the opportunities created by far sighted manufacturers who were ready to co-operate with us in presenting to you now the lowest prices that will be possible, for the next six months, at least.

We can just see the delight of our Customers when they see the splendid assortment of goods, in every department of our store, and then realize that prices are away down to the bottom, where it is a pleasure to buy things.

Many Manufacturers have ACCEPTED LARGE LOSSES.

We shall forgo a large part of our profits on the new goods and accept large losses on our own mark-downs—to inaugurate this first New Year under the New Management and

THE MOST STIRRING PRICE-UPSET THAT THIS COMMUNITY HAS EVER KNOWN.

No matter what you need or desire, now is the best time for months to come to buy it. Some of the reasons are told on this page; but scores of others are here that can get no mention today, even in this broad space.
