FRIDAY, AUG. 28, 1885.

RUMINATIONS.

August hasn't been a terribly hot
month around Goderich. There haven't
been any smog-strokers during the month,
and the mercury hasn't been away up in
the nineties.

The man who came from the South, so
that he might keep cool, has found in
Goderich, during August, a place where
he could sit in the sun during the day
without being roasted, and sleep between
blankets at night without perspiring to
death.

We don't know that these clusters are
out of fashion at other summer resorts,
but they are not "the thing" in Goderich.
Nothing so airy, if you please.

The locust season was not a long one,
and the mortality in the western has
been comparatively light.

Coal oil cooking stoves will soon be
relegated to the back shed, and the
trustworthy wood stove will reign as its
stead. We are now looking for the fall
—not for the fall of the mercury, for we
have had that.

With the fall will come the fall show,
and the dropping of the leaves, the large
gumplings, the tempting fruit of all kinds,
the mud roads, and the disappointed prize
seeker. All this will take place in the
month of September, when the migrating
bird is singing on the tree.

October and November will not be
unpleasant, but winter, which, under ordinary
circumstances, will be on time about
the month of December, and will likely
last until the middle or end of March,
just which.

But, kind reader, be discreet. We are
looking to far ahead, and as we are not
in the weather prophecy business, and
have no intention of editing an almanac,
you will kindly excuse us if we draw our
conclusions on the weather and the root
crops to a close.

COMPLAINTS are made us that liquor
is being sold illegally by vendors in this
town. We have two liquor stores in
town, and they ought to conduct the
business in a legal way. It is reported
that persons are in the habit of getting
liquor without certificates, and that in
other cases, old certificates are used. If
these reports are true, our liquor sellers
should change their tactics. They have
the selling of the liquor in their own
hands and they should keep the law.

Here is a pointer for our temperance
friends.—Supporters of the St. Act in
Dufferin county will shortly apply to
the Government to appoint a police
magistrate without a salary, they having
subscribed sufficient money to pay him
for one year, in order to have the provisions
of the Act properly observed.

THOS. BENGHOUGH, of Toronto, has
been elected President of the International
Shorthand Association, which will
hold its next annual meeting at Mont-
real. Mr. Bengough is a first-class
photographer, edits a live shorthand
journal, and is booming shorthand and
the spelling reform. He is well worthy
of the honor conferred upon him at the
recent International Convention at Buff-
alo.

SOME of our friends out in the town-
ships are making solemn compacts pend-
ing the issue of Riel's case. A good
Grit, up north, says he will vote Tory
hereafter if "John A." has the moral
courage to hang Riel, and a Tory neigh-
bor swears he'll never again poll a Tory
vote if Riel be not hanged. For our-
selves, we would like to see the instigator
of the rebellion get his deserts, and our
Tory friends can count upon us in the
elections henceforth if Edgar Dewdney
is the extreme penalty of the law
imposed upon him. Hanging Riel
on the case at all—it's David
hang.

THE STRATFORD GAMES.

second annual meeting of the Perth
Athletic Society.

The second annual gathering of the
Society of Perth was held in the city
of Stratford on Friday last. Early morn-
ing and well into noon boded no good
prospect for the games, but about noon
the proverbial bit of blue in the sky
largely to make a jester's man a pair
of breeks, "put in an appearance,
and the heats of the board of manage-
ment grew glad. There was a large
number of competitors in the athletic
games, and the number of chiefs in kilts
was a fine showing. Amongst the
athletes, Huron was well represented,
and we noticed Archie Scott and D. M.
Sullivan, formerly of Brantford, big Dan
Smith, formerly of Ripley, and well-
known in Huron, Gideon Perrie, of
Brantford, and John McPherson, of Kin-
tail, all of whom were prize-winners.
The heavy weight competition was keenly
contested, and some good work was
done. In the jumping the record was
kept up, but in vaulting with pole
even-Doupe, the long-gear'd chap from
Chicago, couldn't get near the record,
owing to the heaviness of the pole. As
Willie Robertson of the Manhattan club,
said, "It was no use trying to vault
with a feather." Entries were in plenty
and cases, Quirk, A. C. Reid, Standford,
Herrieman, Bowman, and others in their
classes, not forgetting such fat boys
as Robinson, Muir and Hamilton, all
showed up in good form. Amongst the
pipers were G. A. Matheson, of Hamilton,
Moon, of London, and Roland, of Buf-
falo, N. Y., the two former being well
known to many of our readers who attend
Luskman games, and the latter being a
"quid are the law," although a new
man. The dancers were also of goodly
number, and comprised some of the old
standbys, such as George Matheson,
Jas Moon, J. McPherson, J. R. Ander-
son, Forthrighting and others. The
young folk were also well represented,
and conspicuous among them, were
the Crutahawks, and Robbie Barris (a
fine fellow), and the "West Rob-
bie," of London, Kate McPherson, of
Woodstock, Bella Gordon, of Lucknow,
Robert McKay, and John Rattray, of
Toronto. The honors in archery were
carried off by Miss Rachel and Mrs.
Alexander, of Deseronto.

Mr. G. H. Hades, of Toronto, acted as
manager of the day, and through his
energy and push three series of sports
were kept going in the ring all the after-
noon. Even this action failed to ex-
haust the lengthy programme, and at
last, about the evening it was de-
cided that some of the events would be
omitted. The following is a

COUNTY CLEPPINGS.

Items from all parts of Huron go on the
news Exchange.

J. W. Green, late of the Gorrie Enter-
prise, will shortly start a paper an Ar-
drie.
Mr. E. H. James, of Clinton, has pur-
chased some real estate outside the city
of St. Catharines.
There is to be a band competition at
the South Huron fall show, to be held
here in September, and liberal prizes
will be given.
The young man, Depon, has been
sentenced to five years in the peniten-
tiary for stealing money from the Luck-
now postoffice.
At the recent non-professional teach-
ers' examination in Toronto Mr. J. W.
Moran, of the St. Helena public school,
succeeded in passing in grade C.
Duncan McCleod, M. D., formerly of
Kippen, has been appointed professor of
materna medica and therapeutics in the
Detroit College of Medicine.
Mr. Geo. Baird, ar. Stanley, one of
the oldest and most competent teachers
in Huron, has successfully passed his ex-
amination for a first-class, Grade B,
certificate.
Thos. Bell, of Scott & Bell, of Wing-
land, left recently on a three weeks' trip
to the Northwest. During his absence
he will arrange to open a wholesale
furniture store in Winnipeg.
A young lady, of Winthrop, who does
not weigh over one hundred and eighty
pounds, and a young boy, kept up to a
reaper, half a day in a ten acre field of
heavy grain, on the farm of Mr. Har-
man Cook, and they were as spry as
larks at night.
Owing to the efforts of Messrs. Gar-
row and Proudfoot, Thomas Beamish,
who is in prison as being a party to the
death of Wm. Maynes, will be released
in about one month. Henry, whose sen-
tence was 20 years, will be thought
get out in about three years.

The Wingham Times says:—Wm.
McLadoo started from Montreal last
week with a cargo of cattle for the old
country. While the vessel was descend-
ing the St. Lawrence between Montreal
and Quebec it ran upon a sand bar and
was wrecked. The result was that the
cattle had to be landed with rats, and McIn-
doe had to wait ten days until the vessel
was repaired.
Last Sunday morning Mr. John Mc-
Queen, Lumley, was surprised to find
that some one had made him the present
of a little girl about two months old,
that had been left at his door during
the night. She was well dressed, but
no clue can be found to the heartless
parents. It is high time such a traffic
was put a stop to.
Mr. John Pin, who resides near Elm-
ville, and who has for some weeks been
in a melancholy state of mind over
secular affairs, attempted to commit
suicide, on Tuesday morning, by cutting
his jugular vein. A doctor was
called in, who sewed up the wounds and
hopes are entertained of his recovery.

A meeting of the chairman of the
electoral districts of the East Riding of
Huron will be held at Brussels on Tues-
day, September 1st, to consider the ad-
visability of having a grand Reform de-
monstration sometime in September,
and if decided to have one, to make
arrangements to carry it out successfully.
The stables belonging to the Queen's
hotel, owned by Mrs. McLaren, were
destroyed by fire on Wednesday evening
last week. The fire was first noticed
about ten o'clock, and originated in the
kitchen. Fortunately the building was
empty at the time, and there was no loss
save the building, which was uninsured.
The firemen did good work in saving the
hotel and adjoining buildings. The
origin of the fire is unknown.
A young man named Wild, employed
with Mr. A. Halstead, of the Mattison
con., recently met with an accident
which subsequently resulted in his
death. He went out into a field to
catch a horse, and had just taken hold of
it by the mane, when it lifted its head
with a sudden jerk, throwing him vio-
lently against a fence, and injuring his
spine. Medical assistance was called in,
but he only lived three or four days
after the accident.
On Monday last a serious mishap oc-
curred at a new bridge which is being
built across the Sauble at Swenerton's
farm. The men had succeeded in pro-
perly placing the iron work upon the
abutments, but neglected to secure it
and the result was the iron portion fell
to the north into the river. There were
a number of men on the frame when it
fell, but fortunately none of them were
hurt, save Edward Hunt, who received
some slight injuries. The accident will
delay the completion of the bridge some-
what.
Mr. John Holmes, who resides on the
Huron road about a mile from Taylor's
corner, Goderich township was a severe
loser by the wind storm on Thursday
night last week. He was having his
barn fixed up and repaired, intending to
have a foundation built beneath it, and
for this purpose it was raised up on
posts. It was just in such a position to
catch the full force of the wind, which
struck it with tremendous power, liter-
ally breaking it to pieces—the excep-
tion being a few pieces of iron, &c., &c.,
inside, which was more or less damaged
by the heavy rain. The loss to Mr.
Holmes will be considerable.—[New

THE WORLD OVER.

As Mirrored in the Columns of our
Contemporaries.

CONSTANTINOPLE, Aug. 24.—Rusia,
feeling Sir Henry Drummond Wolff in
under instructions to offer the Sultan
England's assistance in again getting
possession of Kara and also the control
of Bulgaria in return for Anglo-Turkish
alliance, has instructed Nefedoff, the
Russian ambassador to Turkey, to keep
a careful watch on the British envoy's
negotiations.
BALEN, Ind. Aug. 24.—Fred Berkeley,
son of a leading citizen of this place,
while intoxicated yesterday, fired nine
shots, aimed at whoever happened to be
within range. Laura Kriener received
two bullets, one in the wrist and one in
the shoulder. Wm. McClanahan was
shot through the hand, W. S. Percies
received a flesh wound in the thigh and
Jordan Payne was shot through the
body, just below the heart, and will die.
Payne was shot while in a buggy.
Berkeley dragged him from the buggy,
compelling the other man to drive on
and attempted to escape. Finding this
impossible Berkeley placed the pistol to
his own head and fired, dying in 15 mi-
nutes. The cause of the bloody work is
unknown, except that Berkeley was crazed
by liquor.
A gentleman entered Sarony's the
other day for the purpose of obtaining a
cabinet picture of himself. The artist
placed him in position and screwed up
his machine to the proper focus. "Now,
look pleasant and cheerful, please," he
said, "and keep your eye fastened on
that picture." Instantly looking cheer-
ful, however, the gentleman leaned
forward and assumed a look of infinite
weariness. "Pardon me," he exclaimed
the photographer, "that will scarcely
do; your expression is far too sombre to
make an agreeable picture. You must
try to coax up a slight smile. If you
present position and expression cost
anything extra," was the answer, "I am
willing to pay it. My wife is at the
Pequet, by the seaside, and the picture
goes to her. I know what I am about;
draw the cover and begin counting."

PATROLIA, Ont., Aug. 25.—E. H.
Coryell, while out exercising a young
colt yesterday evening, met his death
under the following circumstances: A dog
frightened the horse, and Mr. Coryell
either sustained injuries from the horse
kicking him, or otherwise became
excited and the effect on his heart
was fatal. There are few or no marks
visible. On the other hand Mr. Coryell
was an accomplished horseman and not
easily excited. He was father of Lt.
Coryell, who served in Steele's scouts in
the recent rebellion. He leaves a wife
and six children. Mr. Coryell was an
old resident of this place, was an ex-
councilor and was a prominent member
of the masonic fraternity. He was 55
years of age.
THE WINGHAM SALT WELLS.—Ever
since the commencement of operations at
the salt well, the contractor, Mr. Bell,
has found the job anything but an
agreeable one. In the first place before
rock was reached 75 feet of gravel had
to be gone through, which made progress
exceedingly slow. Then after going
through about 150 feet of rock a strata
of clay was struck, and drilling opera-
tions had to cease until casing was sunk
down some 250 to keep out the clay.
The last misfortune came three weeks
ago yesterday, when, at the depth of
900 feet, the bit broke off the drill and
stuck in the bottom, and they have been
fishing for it ever since without success.
But for these delays Mr. Bell would
have been through with his contract by
this time, and we would have known
whether we are to have salt or not.—
