## THE STORY OF THE FERNIE FIRE

The Rapidity of the Destruction of This City Cannot Be Realized By Outsiders-Two Hours Saw a Community's Homes and Interests Completely Wiped-Thirty-two Buildings Remained Standing After the Fire-People Show Wonderful Recuperative Powers-The Events Succeeding the iFre-The Loss of Life Will Be Under Thirty-Cranbrook's Noble Effort to Assist Sufferers.

By a Staff Correspondent Fernie, August 6.-The record Fernie during the past ten years is a sad commentary on the ruthlessn The town came into exist ence in 1898 by the laying of the stee for the Crow's Nest railway. It 21 once became a coal mining with a cuphonious name and a beauti ful situation among the Rockies. From beginning it was an industriou town and gave great promise. Misfortune was its lot. On May 22 1902, a great explosion occurred the mines and 140 people were killed mines were shut down for three weeks and a six weeks' strike for began in February, 1903. Or April 29, 1904, the town was wiped ou In the spring of 1905 th pple at the mines was burned, and August of the same year anothe fire consumed what was left standin the previous year. Later th Coal Creek and Elk River Lumbe ompany were burned out, and i ember, 1906, there was the usua strike, followed by another in Nov ember of 1907. On August 1st Ferni

Auctioneer

that spiritless, no ambition feeling can be easily and quickly altered by taking what is known by druggists everywher Of course, full health will not immedi The gain, however, wil not immediately return. The gain, how ever, will surely follow. And best of all you will reaize and feeel your strengtl and ambition as it is returning. Outside influences depress first the "inside nerves" then the stomach. Heart, and Kidneys will usually, fail., Strengthen these failing nerves with Dr. Restorative and see how quickly health will be yours again. Sold by all dealers
