## To-Day's Messages.

10.30 A.M.

GAINS HELD AT LENS.

LONDON, To-day.

In the face of heavy German counter attacks the British have maintained the newly gained positions on the outskirts of Lens. The War Office says that further progress has been made at some points.

SPANISH STRIKERS RETURN TO WORK.

MADRID, To-day.

The Ministry of the Interior announces that the Rio Tinto and Nervion miners, who have been on strike, have returned to work. Premier Date left to confer with King Alfonso and submit decrees for his signature.

FRENCH PURCHASING AMERICAN SHIPS.

AT ATLANTIC PORT, Aug. 22.

Gaster De Pollerlin De La Touche, Director of the French Line, who had been named the delegate of a group of French shipbuilders to visit the States to purchase ships, arrived here to-day on a French steamer. Among the passengers on the same ship were three members of the Polish Mission to this country, one of them being Prince Poniatowski. A number of French Army Officers were on board, coming here to help train American troops.

SHIPPING LOSSES AGAIN SMALL.

LONDON, To-day.

The number of British merchantmen sunk by submarines or mines in the past week was only slightly larger than the previous week, when a considerable falling off was noted. According to the official statement, fifteen vessels of more than 1600 tons were sunk, and three vessels less than 1600 tons, and in addition two fishing vessels, as compared with fourteen large vessels the previous week, two small vessels and three fishing vessels. The Admiralty statement issued to-night says:—"Arrivals 2,558, sailings 2,764. British merchantmen sunk by mines or submarines over 1600 tons, including one previously mentioned, fifteen; under 1600 tons, three. British merchantmen unsuccessfully attacked, including two previously mentioned, 12; fishermen sunk, 2."

LETCHITZKY TO COMMAND NORTHERN ARMY.

PETROGRAD, To-day.

General Letchitzky has been appointed Commander on the Northern front, succeeding General Klembevsky. General Letchitzky was the right hand man of General Brusiloff in the successful drive of early summer last year when he captured many thousands of Austrian troops and occupied all Bukovina. Last March he was appointed on the Central front.

BRITISH MAKE FURTHER GAINS.

LONDON, To-day.

The British troops attacking fiercely again to-day have captured important strategic positions for a mile along the Ypres-Menin Road to a depth of nearly a third of a mile and further to the north carried forward their front about half a mile over an extent of two and a half miles. The fighting, according to an official report from British Headquarters to-night, was of the most desperate nature, the prisoners taken bearing a small ratio to the losses inflicted on the Germans. The text of the statement reads:—"Successful operations were undertaken by our troops this morning to the east and northeast of Ypres for the capture of a series of strong points and fortified farms lying a few hundred yards in front of our positions astride the Ypres-Menin Road and between the Ypres-Tourcoing railway and Langemark. Bitter fighting has taken place at all points. The enemy again launched repeated counter attacks which suffered heavy losses from our artillery and machine gun fire. The struggle was particularly fierce in the neighborhood of the Ypres-Menin Road where the enemy fought desperately to retain command of the high ground. Here our line has been advanced to a depth of about 500 yards on a front of about a mile. A position giving important observation to the eastward was captured by us and our troops established themselves in the western portion of Inverness Copse. Further north our line has been carried forward on a front of two and a half miles to a greater depth of over half a mile. The garrisons of the captured farm and strong points resisted with the greatest stubbornness; in many cases isolated positions were only reduced after fighting lasting throughout the greater part of the day. In these operations we captured over 250 prisoners, but by reason of the obstinate nature of the fighting the prisoners taken bear more than a usually small proportion to the total losses inflicted on the enemy. The number of prisoners taken by us in the course of yesterday's fighting in the neighborhood of Lens is 194, bringing the total in this neighborhood since the morning of August 15th, to 1,378. In the same period we also captured in this area 34 machine guns, and 21 trench mortars so far counted. Yesterday there was again great activity in the air. On both sides severe fighting took place. Twelve German airplanes were brought down by our machines and five others were brought down out of control. Twelve of our airplanes are missing, including two which collided behind the enemy's lines during a bombing raid."

behind the enemy's lines during a

bombing raid.

FUTILE RAID.

LONDON, To-day.

Lord French announced this evening

that the latest reports of the air

raid showed that altogether a number

of enemy airplanes approached the

Yorkshire Coast last night, only one,

and at the most two, ventured over-

land. Twelve high explosive and

thirteen incendiary bombs were dropped

through small villages near the

coast. A chapel was wrecked, several

houses were damaged, and one man

was injured. Lord French's report

shows that bombs were dropped by the

raiding airplanes on Dover, Margate

and Ramsgate. There were no casualties

at Margate, but at Dover and

## Shamrocks Defeat the City Team

IN PATRIOTIC CRICKET.

There was a big gathering of cricket enthusiasts at St. George's Field yesterday afternoon to witness the game between the old City and Shamrock teams when the latter won out by 2 wickets and three runs after some exciting play. The City went first to bat and rolled up a score of 60 runs, 32 of which were contributed by Rev. E. C. Clench, who gave a magnificent exhibition of batting. Mr. E. Taylor notched up 10 runs. Five of the team made "ducks eggs." The Shamrocks also met with five at the first innings but managed to score up 50 runs; C. Ellis, 12; J. Foley, 15; P. Wallace (not out) 9; P. Berrigan and K. Trenchard 5 each.

In the second innings the City team were dismissed for 42 runs. R. B. Job, not out, stood for 18; Lieut. Shannon, 7; Rev. Clench and L. Jones, 4. The Shamrocks again started to notch up the required runs and with nine men to bat, totalled 55 which put them in the lead. The chief scores were: Wallace (not out) 15; P. Berrigan (not out) 14, and J.

Foley, 10. The bowling by Messrs. W. Peters and E. Taylor, for the City, and K. Trenchard and T. Ryan, for the Shamrocks, showed that they had lost none of their old time skill. In the second innings E. Power replaced P. Berrigan for a time behind the wickets, the latter having received a nasty blow from the ball on the nose.

The game all through was well contested and on Wednesday next a return game in aid of the Sailors' and Soldiers' Convalescent Home will take place.

Messrs. P. Myler and J. Donnelly acted as the umpires and the players were:—

Shamrocks
