Interesting to the

Travelling Public.
The motor tours which I have arranged for this season's business are entirely original and are based on the requirements of the general public and the visiting tourist, to offer them the greatest advantage to see and appreciate the wonderful scenery of our country at a minimum of cost. The various routes which I have mapped out are not chosen at random but are the selections of years of experience in motoring throughout the country. So I am in a position to offer the general public the widest range of the most varied scenes obtainable. I would strongly recommend to those who wish to avail themselves of these wonderful motor tours to communicate with
