### Rockwood Items.

The town hall has been finely painted outside, and renovated inside, and it really looks well. Rockwood can now boast of as good a hall and school house as there is in any village in the county.

Professor Maitland, of Guelph, is teaching a singing class here at present, which is very well patronized. It was very much wanted, as there are a great many young people in the village and vicinity whose musical education has been sadly neglected.

Mr. J. Roome Kay gave one of his popular readings in the town hall on Thursday evening. It was not as well attended as it ought to have been; perhaps the season of the year had something to do with it.

The temperance cause is as lively as ever in our village. It has been one of the greatest blessings that Rockwood ever enjoyed. Long may it prosper in our midst.

The crops are looking very well so far. Fall wheat is much better than was expected at one time; in fact it looks better than it did last year, although spring was late. Seeding is not much later than usual. The fields are fine and dry to receive the seed, and the fine showers have had lately are starting vegetation very rapidly.
