list that is used in Ontario and municipal elections. If a man voted at the last Dominion election on a property qualification or as a tenant, it is probable that his name will be put upon the new list now in course of preparation by the revising officer and his clerk. When the preliminary list is presented, the man who has a right to yote can look at the list and see for himself if his right has been recognized or himself if his right has been recognized or not. Income voters are so likely to be dropped out that it is a necessary pre-caution for them to fill out their papers and make the declarations to insure the inser tion of their names. During the month of July, all income voters, wage-earners, land owners' sons, new comers, and young men who have reached the age of 21 since the last revision had better call at the Young Liberal Club rooms in the Oddfellows Hall, between the hours of 2 and 5 in the afternoon, and 8 and 10 in the evening. A clerk will answer all inquiries, fill out papers, and do all the necessary work. Every man should look after this matter \$4.40 to \$4.50.
