## E.N. HUNT

190 DUNDAS STREET.

A Love Story.

or him, which came in a quick, ner-He answered at once and stant. The man is crazy, thought the midnight till morning.

operator, but he would try. As he "You may go now," said Mr. Creamtake water. This locomotive belonged to the crew of a work train, but the ing?" asked the girl with some embartrain had been left in the siding. The rassment. operator sprang into the cab and shout-

was some yards behind, tugging at a sofficer had fallen. "Whose initials shall I put to this pulled the throttle open and bounded away up the steep grade behind the passenger train."

did not see them. Theirs was a heavy patcher train—they were losing time. He re-membered that they had been two were thinkled top romotion, and were gardless of circumstances, and vague "Go ahead, 'gay,'" said Miss Morpossibilities, and before the roadmaster gan, for she had not yet been relieved.
"Working the first trick?" said the wineer, to avoid running by a red flag, turned his face to the fireman's side and refused to see the danger signal. Now he was near enough to whistle the then shie shut him off. of ther engines "down," and the enginemen pulling the passenger train trainmen camied the news out over the court off, and when the driver of the road that Miles Mulcahy was a woman,

ward locomotives, he knew they had an expert handler of trains. and hurried over to the head end. The on time, the mysterious message was signaled the engineers to back up.

The drivers opened their throttles quietly proud of his protege, and Mr. and whistiles, and began to jam the Creamer was enthusiastic. She knew

Wersed at once upon dropping the operator, picking up the flagman and was the catechism. "She's just a bird, now backing away for Westcreek, at that's all," he observed to the smilling a frightful pace. His fireman, still at superintendent, "a reg'lar crackerjack, the switch, let him in on the siding.

No. 8 droppied in after him, and just

as the operator and conductor had

the stylehory rolls had to the forced the stubborn rails back to the main fine, the presidence character over the switch. Not a soul on board the special knew flow near they had been to death. Their orders read to meet No. 8 at Westcreek, and there she was, in to clear, just as the daring driver of the special engine had expected to find her. The conductor of No. 8, with his two engineers, the roladmaster and operator, wasted five minutes reading checking, comparing and examining the orders what the first thing that the smell of roses was the first thing that was of roses was the first thing that was and touched the covers on the sick man's couch. He covers on the sick man's couch. He is the couch and whispered, "Where am I?" but he was not acting. The bare white walls, the from bedstead, the little table and the following day, shall be void and of no effect." It is thus apparent that the section providing hours for closing bars during the week except Saturday which they cannot remain open, and densetibley had received. They were all signed "T. J. G." by the trainmaster thimself. The thing was plain—he had given a lap order, but had discovered for being an official, and able to nay his mistake in time, by the good for-tune that had left the light engine at Westoreek, to prevent an awful dis-anter. He was a good fellow, and they were all glad he had saved himself. allthough the incident might work to emtarrassment when he came up from a burning car. promotion. Incidentally they were

the value of time—not of hours and minutes, but of seconds—in handling will be remembered that Goodbough discovered his mistake at 9:27. No. 8 was due to pass Westcreek at 9:28, and at 9:29 the superintendent had seen the Fraimmaster collarse. It will be reallso that No. 8 was two sen't the lap order did not know it,
