known throughout the world as "the original remedy that kills the dandruff germ." Herpicide is a new, scientific nonirritant germicide and prophylactic for the scalp-and positively cures dandruff, stops falling hair and prevents baldness. No one wants to lose their hair, and it is a mighty serious matter to contemplate. Well, why trifle with unknown or socalled Hair-Growers, when you are absolutely guaranteed that Herpicide will not only save what hair you have, but will restore it to its natural luxuriance. It is the dandruff germ, that intests the scalp, that causes the hair to fall out. Herpicide will eradicate this microbe disease of the scalp and protect it against re-infection, and your hair will then grow as nature intended. NEWBRO'S HERPICIDE has reached the pinnacle of fame as a hair preparation and enjoys a distinction strictly its own. As a

The **Ointment** That Heals 25 Cents.

A pure, stainless iodine ointment applied to cuts, burns or bruises to subdue pain and reduce inflammation.

Cancer and other malign growths often result from the slightest breakage of the skin. "Kelpion" will kill the microbe of poison and prevent infection.

Private C. T. Mayes, who served through the Boer campaign with the Imperial Volunteers, has this to say of "Kelpion":
"The pot of Kelpion issued to our V. I. C. Kit was one of the few things we took from Cape Town to the front with us.

"It was very useful indeed; one of the finest and quickest remedies for cuts, sprains, skin diseases, wounds and bruises. "Your Kelpion surprised every one who used it, for it cured foot sores, and it ought to command a large sale in South Africa if advertised for that reason.
"I have heard praises from all C.I.V's and Regulars who used it, and I guarantee every C.I.V. will recommend it."
