NEW YORK, Feb. 20.—The Herald's Madrid special says information from the provinces shows that the leaders of the Carlist party have effected a revolution against Queen Isabella in the north. Adherents have taken up arms in considerable number at Navarre. A skirmish has taken place in the city of Navarre. The movement appears to be the result of a deliberate and well planned organization. The police have found 3000 copies of revolutionary placards, headed with a woodcut of Don Juan, who is styled Charles the Seventh, of Spain.

LONDON, Feb. 20.—Advices from Abyssinia are to January 1st. The English captives are all safe and well.

The coroner's jury in the Clerkenwell explosion case has rendered a verdict. They bring a charge of murder against the prisoner Barrett, English, O'Keefe, Mullane, the two Desmonds, the woman Ann Justice, and others whose names are not yet made known. Doubt is expressed as to the originality of Allen, who was recently discharged but has been rearrested. The verdict concludes by severely censuring the police.

WASHINGTON, Feb. 21.—The President today sent an Executive message to the Senate stating that on the 12th day of August last under the authority vested in him by the Constitution, he suspended E. M. Stanton, Secretary of War, and now by the same authority he had removed said Stanton and appointed in his place ad interim Adjutant General Lorenzo Thomas.

Chicago Feb 21.—The Republican's special says that soon after the Senate went into Executive Session, a committee proceeded

to the War Office and informed Secretary Stanton that pending any action it was the desire of the Senate that he should retain the office in disregard of any orders from the President to the contrary. The Committee also waited upon General Grant and had an interview with him to express themselves as entirely satisfied with Grant's position regarding this matter.

The President sent to the Senate to-day the nomination of George B. McClellan as Envoy Extraordinary and Minister Plenipotentiary to England.

The President has revoked that portion of his order assigning Gen. Sherman to the command of the newly created division of the Atlantic, and he will therefore command the division of Missouri.

Banks' from the Committee on Foreign Affairs, reported a bill concerning the rights of American citizens in foreign States, which was recommitted. The bill reads:

Whereas the right of expatriation is the natural and inherent right of all people, and indispensable to the enjoyment of the rights of life, liberty, and the pursuit of happiness, for the protection of which the Government of the United States was established, and whereas this Government has freely received emigrants from all nations, and invested them with the rights of citizenship; and whereas it is claimed that all such American citizens with their descendants are subjects of foreign States, and owing allegiance to the Governments thereof; and whereas it is necessary to the maintenance of public peace that the claim of foreign allegiance should be promptly and finally disavowed. Therefore, be it enacted, that all naturalized citizens of the United States from foreign States shall be entitled to receive from the Government the same protection of person and property accorded to native born citizens in like situation. That whenever it shall be fully made known to the President that any citizen of the United States has been arrested, and is detained by any foreign Government in contravention of the purposes and intent of this Act upon the allegation that naturalization in the United States does not operate to dissolve his allegiance to his native sovereign, or if any citizen shall have been arrested and detained, whose release upon demand shall have been unnecessarily delayed or refused, the President shall be and is hereby empowered to order the arrest of any foreign citizen or subject, and detain in custody such subject of a foreign Government who may be found within the jurisdiction of the United States.

INDIANAPOLIS, Feb. 20.—The Republican State Convention adopted resolutions endorsing General Grant and Schuyler Colfax of Indiana—the first for President and the second for Vice-President, unanimously.

CHICAGO, Feb. 22.—Specials say the Senate adjourned after over a seven hours' executive session.

It is generally believed that the Reconstruction Committee will immediately report in favor of impeachment.

It is reported that Thomas says he will seize the office by force if necessary, but it is not believed such measures will be resorted to.

Several Senators appeared before Chief Justice Carter, of the District Court, and made affidavits charging Gen. Thomas with violation of tenure of office law, and asking a warrant for his arrest. Justice Carter immediately issued a warrant for the arrest of Thomas, which will probably be served in the morning.

WASHINGTON, Feb. 22.—The Committee reconstruction made the following report: Upon evidence collected by the Committee, which is hereinafter presented, and in virtue of the power with which they have been invested by the House, they are of opinion that Andrew Johnson President of the United States should be impeached of high crimes and misdemeanors. They therefore recommend to the House the adoption of the accompanying resolution.

Resolved, That Andrew Johnson, President of the United States, be impeached of high crimes and misdemeanors. Vote was postponed till Monday.

WASHINGTON, Feb. 22.—The situation this morning appears unchanged. Stanton still remains in the War Office. Every precaution is taken to prevent force being used to remove Stanton. Grant's own body guard, composed of veterans, is placed on duty as a guard. It is positively known that the army is thoroughly with Grant in supporting Congress.

Stanton transmitted to all the headquar-

ters a copy of orders containing the law directing all orders to the army to pass through his headquarters and making it high misdemeanor to obey any other.

Both the President and Stanton received despatches from all parts of the country, asking them to stand firm.

The President denies that he intends to use either soldiers or marines to obtain possession of the War Office.

Both the Chicago Republican and Tribune favor immediate impeachment.

GEORGE FRANCIS TRAIN.

The evidence of Shaw, who turned informer and identified Barrett as the Clerkenwell criminal, is generally discredited.

Alexander M. Sullivan, editor of the Dublin Nation, who was arrested for printing seditious articles and for participating in the funeral services in honor of the Manchester martyrs, was brought up at Dublin yesterday for preliminary examination. The evidence was of a nature to justify the Court in holding the prisoner for trial.

Thomas Daley, who is said to be an American Fenian, has been arrested on the charge of treason. It is alleged that he was concerned in the plot for an attack on Woolwich Arsenal, which was discovered and frustrated by the police.

LONDON, Jan. 29.—Midnight—Additional particulars of the assault on the Martello tower at Buncannon, on Monday night, are received. After receiving the first fire of the garrison, the attacking party retired, but did not leave the field. They waited until their numbers increased from crowds who seemed near at hand, and again advanced upon the tower, beginning a general discharge of firearms, by which one of the garrison was wounded.

When the assailants had almost reached the foot of the tower, the troops again fired and two men were seen to fall. The crowd then fell back and disappeared in the darkness. The two men who were carried off by their companions, and it is not known whether they were wounded or killed. The affair has caused great excitement in Wexford County. No arrests have yet been made, but the Government is anxious to discover the leaders of the assault.

At a recent New York party a new figure was introduced into the "German," called "Le Gant." The head or leading couple commence the figure by dancing a galop once round the room, after which the lady distributes to each gentleman a pair of lady's light evening gloves, and the gentleman presents to each lady a pair of gentlemen's gloves—which, on this occasion, were orange colored, dog-skin.

Then each couple wait round the room a few times, when two lines are formed—the ladies on one side of the room and the gentlemen opposite. The next movement is the famous "forward two" when a general exchange of gloves takes place, the gentlemen receiving from the ladies their dog-skin gloves, and they in return presenting each lady with a pair of evening gloves. The gloves are fastened by a light colored ribbon to the button hole or bracelet. The figure is concluded by dancing the trois temps.
