Tuo position of Position

and felt that while casting their ballots for a

urged in our last laste, the County

r, Gregory's Candidature

of York in a few weeks will have an opporoccupy a position of antagonism to the Domisentation in the House of Commons. With grams from Ottawa, untruthful telegrame, federation this constituency has sent to Par- the electors of this County in the approach liament a gentleman, (and in any reference ing contest. A despatch of this character the Manurum Farmer may make to our appeared in the Globe, representing that late lamented representative, it must be un- Hon Mr. Costigan is to be dismissed from derstood as casting no breath of reproach the Cabinet. We need scaecely stamp this upon the memory of that gentleman,) who statement as a falsehood of the most unfait it his duty to oppose the government to blushing character, nor need we assure our the detriment of the constituency in many readers that never did Mr. Coatigan stand ways. Of that, however, we make no com- higher in the estimation of his colleagues in phint now; for we feel assured that almost the Government and in the affections of his every man in York will agree with as that it constituents, his coreligionists, and the was not because of Mr. Pickard's political as- people of this Prevince at large, than at the collections that this county was pleased to present moment. His political course has once him as few constituencies in Canada, been such as to most warmly commend him

or alsowhere, have hondred any man, but be to friend and foe alike For consistency, for course the firm and enduring friendships he had formed and enduring friendships he had formed and deserved with almost every shad formed and deserved with almost every of an honorable man. Mr. Costiges, stands had been perfectly decorous. Here the cont. in his constituency. Mr. Pickard has been shoulder, show the pretty scribbles, who send stoodest, the slanderous the pretty scribbles, and they traced the runaways to a hotel in Dale-street, where their relations and 15 per cent, in his negotiable growing father and brother went. A terrible scene can to days from Jan. 1, 1884, payable one-half in two years from said first day of January, with interest semistant the said notes to be secured by semi-pretty who had run off with the said notes to be secured by semi-pretty of each the said notes to be secured by semi-pretty of each the said notes to be secured by semi-pretty of each the said notes to be secured by semi-pretty of each the said notes to be secured by semi-pretty of each the said notes to be secured by semi-pretty of each the said notes to be secured by semi-pretty of each the said notes to be secured by semi-pretty of each the said notes to be secured by semi-pretty of each the said notes to be secured by semi-pretty of each the said notes to be secured by semi-pretty of each the said not the approaching contest. We say that if gentleman cares to represent his people in Mr. George Fr. Gregory, or any other candidate contest into the field under the anspices prouder of their representative, than that of the Liberal party, with the expectation of the electors of this County, whom that because the electors of York have in the Globs expects to influence by its manupast sent to Parliament a gentleman in sympast sent to Parliament a gentleman in sympast sent to Parliament a gentleman in a past sent to Parliament a gentleman in sym-mathy, with that party he will receive the We have the best reason for

support of that party as it has been given, that it was largely through Mr. Costigan's influence, that the Military School and force is located in this city. That gentleacty, much less for any guntleman who has in the Local Legislature and became ac or to our late quainted with our citizens, has never failed estermed representative. Now then is the to make his influence felt when anything time for the friends of progressive government to come forward and show by their advantage. It is not likely to be their countenance, and support that York has long Globe's telegrame, which, as we have said, enough stood in the ranks of those who would are evidently published with a view to for more personal any modisement, the influencing a certain class of the electors in

Melectors in Fork who have known sired. The Acadia College Difficulty.

word voting against ment of Comeda.

In the second of Comeda. Dr. Rand's Beptist friends in Nova Scotis have really treated him very badly. To fill the new chair of Education in Acadia, created for use at such tanneries.

Rach of said firms to be discharged from the large class of alectors pone forward to you in the panding coulast, they will feel it therepresents coal, day, to your against any an office in New Brunswick worth sixteen its present indebtedness to the creditors who accept the first and second propositions respectively, when the above cash percentages spectively, when the security is given in limit equal to that of the position he left. the form as above set forth to those who accome the second of the above propositions. But it appears that the Governors of Acadia cept the second of the above propositions.

The meeting voted, 36 to 1; to accept the in the erection of the new chair were hasty offer of settlement. On motion at Mr. Tead, and undertook the responsibility without the Advisory Committee was continued with consulting the Baptista to whom Acadia must full powers until the estate is would undertook the pecuniary support. The result The meeting then dissolved, and some signatures of misutes at the interest of as we have already shown was that a fair each creditor electing which of the three propositions he would accept. We believe that public opinion is in his and a few sympathizers on the one hand, and favor: that there are but low electors in the the great bulk of the Baptists including some mix who do not recognize the claims Mr.

of the warmest friends of Acadia on the other finesty may on their support at this time, and that those who are prepared to oppose him will no so more of personal regard for Mr. Wilson and to satisfy his very laudable ambition, that because of opposition to Mr.

in this flat, Wilson was another presented and as safety his way a laudable in ant, and it was wish his impression was another and as safety his way laudable in ant, and it was wish his impression was almost and as safety and the safety parts ago, showing low! In Norway old customs are held in great from the dining-rooms and drinking bars.

A far-seeing scientist predicts that somewhere in the future we shall be favoured with a new discovery by which the principle of the telephope will be applied to sight. With the aid of this invention we shall be favoured and drink "kaneel kockjes," or cinnamon cake. At a betrothal much "bruid-sulker--bride sugar, as sort of sweet cake--is consumed, and the health of the pair is drunk in "bruidstranen," or bridal tears, which is a kind of spiced wine.

It was supposed to be the penalty for felony, but any criminal who refused to plead either guilty or not guilty was condemned to it. The criminal condemned to be pressed was laid naked upon his back, and had iron laid England proposes to fortify Assouam at the first cataract of the Nile. This is certainly prudent in the extreme. It would make absolutely defensible most of what is or pleaded.

ru very moderate boundary to England's assumption of responsibility in that country.

A correspondent writing to the New York

Exemps I tost of the future of California, and of Indian hunting for furs of wild beasts.

In the pear future we can see in its stead a land of fruit trees and xines, a pew France in our republic, greater than France, a republic by herself. Five times as many kinds of insects are

positive decrease of the Irish population from 801,634 in 1861 to 562,574 in 1881; but the number of September has increased from one in 113 inhabitants in 1861 to one in 102 inhabitants in 1861 to one in 102 inhabitants in 1881. The foreigners in Isagland number in all 117,999, of whom only 17,769 are Americans, while 37,801 are of German birth.

Time and money.

After a lapse of fifty-seven years one would suppose the Morgan mystery would cause to agitate either the Masonic or the anti-Masonic mind. But such is not the case. All that is painful about this affair keeps cropping up continually. A solid block of stone, nine inches aquare at the base and twelve inches high, weighing sixty-five pounds, with an iron staple secured at top, and mystical number 35 cut in the stone near by, is the newest excuse for theorising as to the fate of Morgan.

Time and money will be eased by keeping.
