### CARBOLIC SMOKE BALL.

This remarkable remedy - CARBOLIC SMOKE - has been used in the Eastern and Western States with the most gratifying results. It acts as a disinfectant upon all the mucous membrane where the air cells exist, including them up in a short time. By experimenting in a thorough manner it has cured in nearly every case the most severe forms of Catarrh, Asthma, Bronchitis, Neuritis, Headache, Croup, Sore Throat, Whooping Cough, etc. This Carbolic Smoke disinfects the poison in the mucous membrane of the throat, bronchitis, etc., upon the same principle as the Carbolic Acid, which is used to disinfect the diseased and poisonous air in a patient in a sick room. It is perfectly harmless as it is put up in "Little Balls," that can be used at home or on the street, in the office or counting room, with perfect ease.

I have been using the Smoke Ball for about three weeks, and am happy to say I am about cured. CARBOLIC SMOKE BALL CO., Toronto, Ont., May 15, 1887.

Gentlemen, - When I commenced using your Smoke Ball for catarrh, some three weeks ago, my head and throat gave me so much trouble that for a time I was totally unfit for business. The symptoms have all disappeared, and I feel like a new man. ALEX. WYSE, St. James Hotel, Toronto, Ont. CARBOLIC SMOKE BALL CO.

Gentlemen, - I procured one of your Carbolic Smoke Balls for my wife, who was suffering from a severe attack of Catarrh of the Throat, and she has completely cured by the use of the Smoke Ball in five days. We cheerfully recommend it to others. G. COLEMAN, Advertising Agent Toronto News, CARBOLIC SMOKE BALL CO., Toronto, Ont., May 15, 1887.

Gentlemen, - The Smoke Ball I procured from you has done me a world of good. It has removed those most excruciating pains that appeared to be located between the eyebrows, and the itching and unpleasant discharge of mucus have almost entirely ceased. Very truly, JAS. W. OSTROM, 417-419, CARBOLIC SMOKE BALL CO., Toronto, Ont., June 1, 1887.

Gentlemen, - I procured one of your Carbolic Smoke Balls ten days ago for my son and daughter, the one afflicted with asthma, the other with catarrh. It is just what it is recommended to be. Has now almost effected a cure in both cases. We recommend it to others. K. MOKAY, Wall Papers, 224 King-st. east, CARBOLIC SMOKE BALL CO., Toronto, Ont., June 1, 1887.

Since using your Carbolic Smoke Ball I have had the greatest relief I have had in three weeks. I have tried many remedies for catarrh and asthma, but yours has done me more good than all the others combined. cannot speak too highly of it. JAS. W. OSTROM, 417-419, CARBOLIC SMOKE BALL CO., Toronto, Ont., June 1, 1887.

Gentlemen, - This is to certify that I have used one of your Smoke Balls the last week, and must say it is giving me great relief. I am recommending it. F. DIVER, Electrician, 41 King-st. east, CARBOLIC SMOKE BALL CO., Toronto, Ont., June 1, 1887.

Gentlemen, - After having used your Smoke Ball for now nearly three weeks, I am delighted with the results, it having restored my taste and smell and is entirely killing the disease. HARRISON, with Simpson & Co., 42 Yonge-st., Toronto, Ont., June 1, 1887.

Call at our office. Treatments and consultation furnished without charge. Investigation requested and satisfaction guaranteed. Smoke Balls \$2.00 each. By mail 50c for postage. Office hours - Week days from 9 a.m. to 9 p.m. Separate parlors for ladies.

### A LIVE GENERAL AGENT WANTED

**(No. 5) THE CANADA LIFE vs. THE ONTARIO.**

In self defence, and in justice to THE ONTARIO, we have been compelled to publish a series of articles in reply to an attack of THE CANADA on this Corporation, dated May 28, 1887, and subsequent advertisements from the same source which have appeared in the public prints. These advertisements claim "surpassing advantages" in THE CANADA over its younger competitor, THE ONTARIO.

We have denied the fairness of the "comparisons" by THE CANADA, and also correctness of its figures.

In justice to THE CANADA as an old Company, we admitted that it did enjoy advantages over a younger company, but we have shown by comparative figures given in last two articles, which cannot be successfully contradicted, that the cost of insurance during the past Fifteen years has been less in THE ONTARIO than in THE CANADA, thereby showing that whatever "advantages" THE CANADA may have enjoyed, these have not benefited its Policyholders.

Referring to the "sources of profit" from which THE CANADA claims its advantages, we quote from its advertisement dated June 3, 1887:

1. Saving from estimates for death losses.
2. Funds yielding a higher rate of interest than 4 1/2 per cent, upon which the calculations are based.

We will leave Nos. 1 and 2 for future consideration and follow the order of THE CANADA's article by considering No. 3 first.

It will be sufficient reply to the position taken by THE CANADA to quote the remarks of Prof. Chalmers, Superintendent of Insurance, in his report of 1875, which he has since referred to the subject as follows: "But these percentages must not be taken as a proper gauge of the economy of management of a company, because the expenses connected with the management of a young and progressive company, which has necessarily a large proportion of new business, may thus show a larger rate of expenditure than another, even though the ratio of expense on each class of business in the two were the same."

Prof. Chalmers has fully borne out the fact, that the Low Ratio of Expense to Income does not necessarily benefit the Policyholders, as evidenced by companies advertising rates of expense to income lower than THE CANADA, but admitting to have been its ratio, and yet to work at large profits, and our case at issue is also a pointed example, that notwithstanding the advantage claimed by THE CANADA on low ratio of expense, the cost of insurance in THE ONTARIO has been shown to be lower than similar insurance in THE CANADA.

Interesting figures will follow soon.
