ROCKY MOUNTAIN EXPEDITION. By Two Torontoniaus to Determine th

or Coleman and Mr. Louis B. Stewof the School of Practical Science have left on a tour of exploration in the Rocky

Their objective point is Mount Brown, a peak of the mountains about 200 miles north of Calgary. This peak is said to be the highest point in the North American continent, and as there has been some discussion during the past few years about its probable elevation the above named gentlemen are going to determine its altitude or perish in the attempt. Both are well-qualified for the expedition, Prof. Coleman being a geologist of some note, and Mr. Stewart a practical land surveyor. It is likely that they will start from Morley in the foot-hills, and taking a couple of Indians and an outfle of horses, will proceed by the trail which leads to within a few miles of Mount Brown. The most difficult part of the expedition will be the climbing of the mountain and the determination of successive altitudes; for it cannot be much less than 13,000 feet high. peak of the mountains about 200 miles ermination of successive altitudes; for it annot be much less than 13,000 feet high, and beyond the snow-line the traveling will be exceedingly dangerous. They expect to be away about two months.

Before their departure Prof. Galbraith presented them each with a copy of Longfelow's poems, so that when they became weary in their mountain climb they might regain new strength and vigor by the persual of the well-know poem, "Excelsior."

The following gentlemen have been appointed members of an advisory board to assist World's Fair Commissioner Awrey, M. L.A., in watching the interests of Ontario M.L.A., in watching the interests of Ontario at Chicago next year: Secretary Henry Wade, Toronto; Richard Gibson of Delaware, stock breeder; J. C. Snell of Edmonton, stock breeder; John Hope of Brantford, stock breeder; Robert Mackie of Oshawa, stock breeder; Rebert Mackie of Oshawa, stock breeder; Rebert Mackie of Oshawa, stock breeder; Rebert Mackie of Windon, fron founder; O. H. Waterous of Brantford, manufacturer; Hear Patterson of Whitby, manufacturer; Hon. Thomas Ballantyne of Stratford, dairyman; David H. Macpherson of Laucaster, dairyman; David H. Macpherson of Laucaster, dairyman; James Marshall of Binbrook, farmer; Stephen Hall of Warmington, farmer; A. Miscampbell, M.L.A., of Midland, lumberman; A. H. Pettit of Grimsby, fruit grower; Edward Mords, Fonthill, nurseryman and fruit grower; F. W. Hodson of London, journalist; D. Derbyshire of Brockville, dairyman; Alvin Rawlings of Ravenwood, farmer.

A Champion of the Sisterhoods. Editor World: I wish to express in the most indignant terms my protest against the words and insinuations made with regard to sisterhoods at the Wycliffe meeting. It is a reflection upon the purity of mothers and sisters, wives and children, and should never have received expression or been entertained in any thought. I have been closely connected with Sisters and Sisterhoods for the last 30 years and I never heard a whisper of suspicion regarding one. The Bishop last evening was soon beyond his depth in the party and every good man must have been

party and every good man must have been tof sympathy. JAMES GAMMACK, LL.D. East Toronto, June 22, 1892. Engineer Rust has become convinced that way tracks should be widened. In Pittsburg, he says, the streets are no wider than they ne says, the streets are no wider than they are in Toronto and yet they have a four feet and a half strip. He considers that the strip should be widehed, as at present there is only a four-inch space between passing cars. The ordinary swerving of cars at a high speed, together with any slight unevenness in the tracks, would be sure to cause a collision with serious results. He average a

lision with serious results. He expects a deal of opposition, but intends to put himself on record nevertheless. Another Horse Wanted. Dr. Allen's report, to be submitted at the next meeting of the Board of Health, will with harness and wagon, for that depart-ment. This has been found necessary in order to provide for the removal of infected clothing from houses where contagious deseases have existed in order to have it dis-infected. He also suggests that recommend the purchase of another horse

infected. He also suggests that a small fee should be charged for disinfecting where the owners are in a position to pay. Mr. John McCarthy, Toronto, writes: "I can unhesitatingly say that Northrop & Lyman's Vegetable Discovery is the best medicine in the world. It cured me of Heartburn that troubled me for over thirty years. During that time I tried a great many different medicines, but this wonderful medicine was the only one that took hold and rooted out the disease."

City Hall Miscellany. The City Solicitor and Engineer Rust have stated that the city will in no manner whatever hold itself responsible for the flood damages on Sunday evening. ages on Sunday evening.
The Mayor has received a letter from R.
Walker & Sons, offering to present to the
city the stone fountain in front of their
store, and asking that it be removed at once
to some park or other suitable place so that
it may not interfere with the asphalting of
Klag-street.

The city scavengers have presented Mr. ohn Beli with a silver tea set on the occasion of his resignation to take charge of the new cattle market. While the space between the tracks in King-street west is being repaired the Belt Line will run up York-street and along Queen to Spadina-avenue. The King-street and Lee-avenue cars will be run on temporary tracks at the side of the street.
