INDUSTRIAL SCHOOL BOARD. Atkinson Resigns—Date Annual Meeting Set for Oct. 19.

The principal busines which came up for consideration at the meeting of was the resignation of Mr. C. J. Atkinretary of the Victoria Industrial School. That gentleman read a letter in which he gave his reasons the step. He repeated in effect charges made in the original er of complaint, which he admitted his evidence to have drafted. It ducted the examination witnesses, endeavoring to prove the in-competency and mismanagement of the superintendent, and in several par-ticulars his moral unfitness. The let-ter read yesterday afternoon charged that he disciplining was "mechanical"; that punishments were excessive, as many as 30 corporals being adminis-tered in one day; that the same medi-cine was administered for all sick cine was administered for all sick-nesses; that a member of the staff practised habits (tobacco) not allowed to the boys, and lack of system and business management. In conclusion, he desired the acceptance or rejection of his resignation to be an expression on the subjects he had brought before

on the subjects he had brought before them.

This latter clause the committee took exception to, and after the secretary and superintendent had retired the following resolution was drafted after considerable debate: "Resolved, that the resignation of Mr. Atkinson be accepted, but that in accepting it this board desires to record that while there were some matters brought forth at the investigation which Mr. Atkinson mentions which showed some laxity in management, there was nothing to show that there were grounds for any such serious charges as are repeated in the letter of resignation, and this board refuses to recognize any connection between its decision upon the resignation tendered by this officer and its intended action upon the question of the general management of the institution, which is under consideration in proper form."

During the discussion it was made in of the distribution, which is uncertainties in this company in 15 years gives 200 00 ain that the future secretary of the imico institution should not act as

Inspector Hughes occupied the chair and there were present: Messrs. W. J. Hendry, Beverley Jones, F. J. Stewart, Ald. Scott, Ald. Crane, Inspector Chapman, E. P. Roden, O. A. Howland, M.L.A, Mrs Marcon, Mrs. Kilgour, Miss Wilks, Mrs. Davis, Mrs. Caldecott, Superintendent Hassard and Secretary Atkinson.

The Management Committee presented the program, through Mr. Beverley Jones, for the annual meeting of the Industrial Schools Association, to be held at the school buildings, Mimico, Saturday, Oct. 19th. The Hon. J. M. Gibson, Provincial Secretary, will preside. Mr. Jones announced that he desired to present the association with a portrait of the late William Howland and Mr. O. A. Howland will accept the gift at the annual meeting.

The secretary's report showed that three boys had been received and 10 gone out in the past month, while four had run away, but had been recaptured, leaving an attendance of 175.

The Free Library.

The Library Board met yesterday, Mr. McPherson presiding, the other members present being Messrs. A. R. Boswell, sec., F. Somers and J. Taylor. The purchase for \$490 of 340 books was authorized.

The Board required \$1500 to carry them on to January 1, 1896, and owing to the policy pursued by the city council the money is not available. The chairman of the Library Board was appointed to confer with the chairman of the Executive on the subject.

St Clement's Harvest Home.

A very large congregation assembled in St. Clement's Church yesterday evening on the occasion of the annual harvest thanksgiving services. The chancel of the church, also the space within the altar rails was beautifully decorated with flowers, fruit and plants, Rev. J. Usborne preached and special music was rendered by the choir. The services will be continued on Sunday.

This afternoon's market was dull and heavy until last hour, when prices stiffened a little on more favorable reports as to the outcome of the mining settlement in London, which begins to-morrow. The trading, however, was entirely professional, and the steadying tendency was mainly due to shorts. News of a character that would influence the market was facking. It is reported there may be opposition to Mr. Ives at the Northern Pacific annual election. A call for proxies by the Adams Reorganization Committee would certainly meet with a response from holders of the stock, who cannot help appreciating the troubles into which the present directors have needlessly plunged the corporation. The proposed Union Pacific Reorganization Committee has been announced. It includes prominent representatives of both the Northwestern and of the Gould interests.

Henry A. King & Co. received the following despatch from Chicago:

Wheat opened half a cent down, at 59½c for Dec. Public cables were dull, and private cables quoted poor demand and halfpenny lower. Northwest receipts, 599 cars, against 934 last year, and primary receipts 1,292,000 bush, against 749,000 bush same day a year ago. The Government report of yesterday was looked on as bearish, as it only put the possible shortage about 30,000,000 less than last year. On light offerings the market advanced to 60½c, sold back to 59½c, then up to 61½c, and closed at 61c, a gain of a cent and a half on the opening. The market is very sepsitive. The trade are bearish, but on any attempt to cover they find very little wheat for sale, and the result is the market advances sharply. One thing is certain, there has not been any money made yet on the short side in the fiftles. The bearish influences are spring wheat receipts and Russian shipmuts.

Outs followed corn, and closed steady. Government report makes the crop 750,000,000 bush, the largest since 1889, and about \$9,000,000 more than last year.

Provisions were very duli, but steady. No outside business.
