ARE YOU A VICTIM OF WORRY?

"Worry, the Disease of the Age," is he title of a book written some years ago by Dr. C. W. Saleeby, of Edinburgh, Scotland. Few regard worry as a disease; many even think it a righteous and virtuous frame of mind, showing as it does a lively realization Depend upon it, nothnot only of the things that are, but of the disagreeable and trying things to come. Worry in itself not only implies the absence of happiness, but it should be regarded as the cause of ills far greater than itself—the cause predisposing to disease which would otherwise have been escaped altogether; the cause determining the fatal issue of illness which would otherwise have been recovered from; a potent cause, probably, the most of all province eighteen years ago, its causes, of sleeplessness; a great con- population has increased fourfold, sumer of the bodily energies, both while the grain yield has increased directly and by reason of its effect twentyfold.
