

MAKE YOUR MONEY HASTEN VICTORY

To continue in the fight for Victory, Canada must have more money—more money to supply the needs of her fighting men—more money to establish the credits that will enable Great Britain to continue buying food and war supplies in Canada.

And the only way Canada can raise this money is by selling Victory Bonds to her people.

Canada's Victory Bonds are being offered now. Don't be content with buying what you can buy easily. Stint yourself in every direction so that you can buy more. Buy to the limit of your ability.

Every dollar will fight a winning battle and bring nearer the day of Victory—bring closer the day of universal peace.
