

ideal of Gothic architecture; but while a magnificent national monument, it is degraded by puerile legends of the "Three Wise Men," or Gipsy Kings, of Bible story, and by many apocryphal relics. More absurd still is the story of St. Ursula and the eleven thousand virgin martyrs, whose relics are shown to the devout or

TOWN HALL, OUDENARDE.

curious, the skulls on shelves wearing embroidered caps, the other bones arranged in fantastic devices. As of special sanctity are shown the right hand and left foot of Saint Ursula, a spine of the crown of thorns, an alabaster vessel, one of the water-pots containing the water made wine at Cana in Galilee—though it could
